

FIFRA

Section 2(ee) Recommendation

Date: March 24, 2016

Product: Scimitar® CS Insecticide
EPA Reg. No. 100-1078

Use: Control of Light Brown Apple Moth in Ornamental Plants in Commercial and Production Landscapes

State: California

Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

For control of light brown apple moth in ornamental plants in commercial and production landscapes, apply Scimitar CS at 1.5 to 5.0 fl oz per 100 gallons carrier volume and thoroughly spray plants to point of runoff. Spot treatments can be made at 0.5 fl oz per 1 to 2.5 gallons carrier. Repeat applications can be made after 7 days if necessary.
