

# SCRUBBER

## TANK CLEANER

### PRINCIPAL FUNCTIONING AGENTS:

Anionic and Nonionic Surfactants, Sequestering Agents and Other Ingredients .....100%

**TOTAL** .....**100%**

All ingredients are exempt from tolerance requirements under 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN DANGER

**GHS HAZARDS:** H303 May be harmful if swallowed. H314 Causes severe skin burns and eye damage. H333 May be harmful if inhaled. **GHS PRECAUTIONS:** P102 Keep out of reach of children. P103 Read label before use. P233 Keep container tightly closed. P234 Keep only in original container. P260 Do not breathe dust/fume/gas/mist/vapors/spray. P264 Wash hands thoroughly after handling. P270 Do not eat, drink or smoke when using this product. P280 Wear protective gloves/protective clothing/eye protection/face protection. P310 Immediately call a POISON CENTER or doctor/physician. P301+330+331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P303+361+353 IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. P304+340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+351+338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing cautiously. P405 Store locked up. P501 Dispose of contents in container to an approved waste disposal facility in accordance with all local /regional/national/international regulations.

### FIRST AID

**EYE CONTACT - IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. If eye irritation persists: Get medical advice or attention.

**SKIN CONTACT - IF ON SKIN (hair) OR CLOTHING:** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Take off contaminated clothing and wash it before reuse. Call a poison center, doctor, chemical manufacturer, importer, or distributor to specify the appropriate source of emergency medical advice.

**INGESTION - IF SWALLOWED:** Immediately call a POISON CENTER or doctor/physician. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Do NOT induce vomiting.

**INHALATION - IF INHALED:** If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

**NET CONTENTS: 1 QUART (0.946 Liters)**

112 W. Charron Road • Moxee, WA 98936  
230 Cowiche City Road • Cowiche, WA 98923

### GENERAL INFORMATION

**SCRUBBER** is a powerful superior grade spray tank cleaner. **SCRUBBER** will clean, rinse and emulsify pesticide and adjuvant residues and bond them to the rinse solution to allow for complete rinsing and system purging with ordinary water. **SCRUBBER** is tolerant to hard water that causes spray tanks to accumulate high levels of residue. **SCRUBBER** is soluble and compatible with most spray tank materials. **SCRUBBER** solubilizes acid residues of pesticides, preparing the spray tank for the use of other products. Solubilization of residue spray materials will prevent damage from occurring to non-target plants.

### DIRECTIONS FOR USE

• Large Volume Sprayers: **SCRUBBER** is effective at dilution rates up to 1:400. One quart of **SCRUBBER** will treat up to 100 gallons of water. Adjust the dilution rate as needed for individual conditions. Each cleaning situation will vary and adjustments will be necessary. Be certain to circulate **SCRUBBER** treated solution through the spray system for 5-10 minutes. Use a high pressure sprayer or hose to rinse all interior areas and spray tank walls. Purge hoses, spray lines and nozzles for approximately one minute. After cleaning, drain system and rinse all tank and spray areas.

• Hand-Held and Back-Pack Sprayers: Use approximately one ounce of **SCRUBBER** per gallon of water, agitate thoroughly, drain and follow with a clean water rinse.

Special precautions / rinsate testing: The use of **SCRUBBER** or other tank cleaners does not guarantee removal and/or neutralization of all residues. Some pesticides, such as 2, 4-D and dicamba, may leave persistent or hard-to-remove residues. Many variables exist which make consistent tank cleaning difficult (i.e., water quality, use of cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.). In order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive plants (tomato, cotton, ornamentals, etc.) and after sufficient time, observe for wilting or severe stress. If stress occurs, repeat cleaning process and retest as above.

\* **SCRUBBER** is DuPont and Syngenta tested and approved.

### STORAGE AND DISPOSAL

Store locked up. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Do not contaminate water, food or feed by storage or disposal. Dispose of contents / container to an approved waste disposal facility in accordance with all federal, state and local regulations.

Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org). Decontaminated containers may also be disposed of in a manner allowed by local, state and federal laws and regulations.

**WARRANTY STATEMENT:** Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
