SMARTLINE™
PRODUCTS

GENERAL INFORMATION

SmartLine™ Ferti-Stik™ is a spreader-sticker, protectant product for use with insecticides, fungicides, acaricides, pesticides and protectant sprays. SmartLine Ferti-Stik forms a rainfast film that resists weathering and enhances the efficacy of pesticides.

FIRST AID

| | |
|---|--|
| IF SWALLOWED: | <ul style="list-style-type: none"> • Rinse mouth. • Do not induce vomiting. • Call a poison control center or doctor immediately for treatment advice. • Have the person sip a glass of water if able to swallow. • Do not give anything by mouth to an unconscious person. |
| IF INHALED: | <ul style="list-style-type: none"> • Remove victim to fresh air and keep at rest in a position comfortable for breathing. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice. |
| IF IN EYES: | <ul style="list-style-type: none"> • Rinse continuously with water for several minutes. • Remove contact lenses if present and easy to do; continue rinsing. • Immediately call a poison center or doctor/physician for treatment advice. |
| IF ON SKIN OR CLOTHING (OR HAIR) | <ul style="list-style-type: none"> • Remove/take off immediately all contaminated clothing. Wash contaminated clothing before reuse. • Rinse skin with water/shower. • Call a poison control center or doctor for treatment advice. |

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store at ambient temperature. Store in a closed container. Store away from heat or open flame and oxidizing materials. **Disposal:** Do not contaminate water sources by cleaning of equipment or disposal of waste waters. Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

SMARTLINE FERTI-STIK IS NOT INTENDED FOR AQUATIC USE

DIRECTIONS FOR USE

CONSULT YOUR LOCAL FERTIZONA REPRESENTATIVE OR OTHER AGRICULTURAL SPECIALIST FOR SPECIFIC CROP RECOMMENDATIONS.

Read and follow the precautions, restrictions, and recommendations on the labels of tank mix partners used with SmartLine Ferti-Stik. Unless directed otherwise by pesticide label, add SmartLine Ferti-Stik to the spray tank first.

MIXING: Shake product well before using. Fill spray tank 1/2 full of water and begin agitation. Add recommended amount of SmartLine Ferti-Stik. Add pesticides as directed by label or in the following sequence and continue filling tank: (1) Dry flowable or water dispersible granules, (2) Wettable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. Continue agitation until solution is completely mixed. Recirculate solution if it has been allowed to stand and agitate thoroughly before application.

Use Rates for Ground Application per 100 Gallons of Spray Mix:
Fungicides, Acaricides and Insecticides.....4 to 16 fluid ounces

Use Rates for Air Application Per Acre:
Depending on usage and spray equipment..... 4 to 16 fluid ounces

Observe spray patterns and adjust the amount of SmartLine Ferti-Stik as needed. Use SmartLine Ferti-Stik up to a rate of 0.125% v/v of the finished spray solutions. Always read and carefully follow label directions of accompanying pesticide product. Mix with sufficient water for adequate coverage of the crop. May be applied for aerial or ground spray equipment.

NOTICE: READ ENTIRE LABEL BEFORE USE,

IF TERMS ARE UNACCEPTABLE RETURN AT ONCE - UNOPENED.
