Subject: **Continuing Letter of Guarantee**
RE: **StorOx® 2.0 - EPA Reg. No. 70299-7**

To Whom It May Concern:

BioSafe Systems, LLC, the manufacturer of **StorOx® 2.0**, hereby guarantees that this product meets the specifications claimed on the product label, and is formulated from batches certified in accordance with the applicable regulations promulgated under all applicable EPA regulations.

StorOx® 2.0 (U.S. EPA Reg. No. 70299-7), an EPA registered pesticide, is labeled for the control and suppression of crop spoilage organisms and plant pathogens, and for a variety of postharvest uses in packing houses including:

- Sanitization of food contact and non-food contact surfaces and equipment used in processing postharvest commodities;
- Disinfection of fruit, vegetable and potato storage areas;
- Postharvest spray treatment directly to fruits and vegetables on process and packing lines without the requirement of a final rinse;
- Treatment of fruit and vegetable processing waters without the requirement of a final rinse;
- Fogging application of fruits and vegetables in crop storage areas against spoilage and decay organisms.

Under 40 CFR § 180, the active ingredients in **StorOx® 2.0** (hydrogen peroxide and peroxyacetic acid) are EPA-exempt from the requirement of a tolerance. Under 21 CFR § 184, hydrogen peroxide is Generally Recognized as Safe (GRAS) for direct food contact by the U.S. Food and Drug Administration (FDA). Additionally, the ingredients in StorOx 2.0 are permitted for the washing/processing of fruits and vegetables under 21 CFR § 173.315.

Please contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Yesenia Fuentes".

Yesenia Fuentes
