DIRECTIONS FOR USE

FOLIAR APPLICATION

DO NOT apply foliar spray in spring or summer. Apply required amounts of SulfaMar 12% Zinc Sulfate Solution with enough water to ensure thorough coverage.

Almonds, Pistachios: Apply 6 -14 gallons SulfaMar™ 12% Zinc Sulfate Solution per acre at leaf fall.

Avocados: Apply 1-2 gallons product per acre in 50-100 gallons of water.

Citrus: Apply 1/2-2 gallons per acre per application at pre-bloom.

Walnuts: Apply 10-15 gallons product per acre at leaf fall.

Other Deciduous Trees: Apply 4-8 gallons product per acre at leaf fall.

SOIL APPLICATIONS

Barley, Beans, Corn, Cotton, Flax, Milo, Oats, Peas, Rice, Sugar,

Beets and Wheat: Apply 8-14 gallons SulfaMar™ 12% Zinc Sulfate Solution per acre and incorporate into the soil prior to planting.

Beets, Carrots, Melons, Onions, Tomatoes and Others: Apply 8-12 gallons product per acre and incorporate into the soil prior to planting.

Fertigation: Trees (all): Apply 10-30 gallons product per acre in fall or early spring.

Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products, "Jar Test" proportionally mixed components to confirm compatibility.

WARNING: This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
