

SuperValue TRIPWIRE

SURFACTANT - PENETRANT - ACIDIFIER DRIFT CONTROL AGENT - DEPOSITION AID

SuperValue Tripwire is a multi-tasking adjuvant system that conditions the carrier water and helps to prevent the rapid breakdown of alkaline pH sensitive pesticides such as glyphosate, organo-phosphates, carbamates and synthetic pyrethroids. **SuperValue Tripwire** improves penetration of the active ingredient through waxy, wetting-resistant epicuticular tissue for more complete uptake and transport to the mode of action site. Without altering the viscosity of the spray solution, **SuperValue Tripwire** helps to form spray droplets that are able to resist pump shear and remain within the optimum size range for best deposition and reduced drift away from the intended target.

PRINCIPAL FUNCTIONING AGENTS

A proprietary blend of acidifier, surfactants and drift reduction technologies.....	80%
Constituents ineffective as an adjuvant	20%
Total.....	100%

All ingredients are exempt from tolerance under 40 CFR 180.

DANGER **KEEP OUT OF REACH OF CHILDREN**

Combustible liquid. Causes serious eye damage. Read label before use. Keep away from heat, sparks, open flames or hot surfaces – No smoking. Keep container tightly closed. Keep only in original container. Avoid breathing vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Immediately call a poison center, doctor or physician. Rinse cautiously with water for several minutes. Remove contact lenses if present, after the first 5 minutes, then continue cautiously rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash skin with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration.

NET CONTENTS: 2.5 U.S. Gallons (9.46 L)

DIRECTIONS FOR USE

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

SuperValue Tripwire has been tested for aquatic toxicity and may be used on aquatic sites.

Does NOT contain ammonium sulfate.

Use only if a surfactant, penetrant, acidifier, and drift control agent is allowed or not excluded on the label.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of addition

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add adjuvants such as anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. SuperValue Tripwire or other adjuvants

Prior to mixing fill the spray tank with half of the carrier. Then start the sprayer and check to make sure that all valves and gauges work and that there is proper tank agitation.

USE RATES

Application	per 100 gallons of spray solution
Herbicides, defoliants, aquatic	1 to 4 pints of SuperValue Tripwire
Insecticides, fungicides, fertilizers	½ to 2 pints of SuperValue Tripwire
Turf, ornamental and industrial	1 to 4 pints of SuperValue Tripwire (1 to 3 ounces per 5 gallons)
For pH adjustment (initial pH 6.5 to 8)	4 to 8 ounces of SuperValue Tripwire
Drift retardant	1 to 2 quarts of SuperValue Tripwire

STORAGE AND DISPOSAL

Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product. Do not store in mild steel or aluminum containers. Do not store near strong oxidizers. Shake well before using. If product freezes, allow it to thaw, and then shake well. Store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page

LIMITED WARRANTY AND CONDITIONS OF SALE

The Manufacturer warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. Neither Manufacturer or Seller makes any other express or implied warranties, including without limitation, the implied warranty of merchantability or fitness for a particular purpose, all of which are expressly disclaimed. Any damages arising from a breach of the Manufacturer's warranty shall be limited to direct damages, shall not include indirect or consequential damages such as loss of profits or values, and shall not, in any event, exceed the purchase price of this package of product. This Limited Warranty does not extend to the use of the product inconsistent with the label instructions, warnings or cautions, or use of the product under abnormal conditions such as drought, excessive rainfall or other weather conditions or factors that are beyond the control of the Manufacturer and/or the Seller. Any written or verbal statements or agreements cannot vary the terms of this Limited Warranty and Disclaimer. No employee or agent of the Manufacturer or Seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.

SuperValue Tripwire is manufactured for Ag Supplier.
