# SURSIL

## PRINCIPAL FUNCTIONING AGENTS

Polyalkyleneoxide Modified Heptamethyltrisiloxane  
and nonionic surfactants ..... 100.0%

## GENERAL INFORMATION

**SURSIL** is a superior nonionic agent designed for water-based herbicide application. It is designed for fast spreading uniform distribution and absorption of spray on leaf and stem surfaces. **SURSIL** may be used with most pesticides and fertilizer products. (See cautionary statement under directions for use.) Optimum application and consequent effects can be influenced by many factors. It is recommended that the spray layer be observed and adjuvant rates be adjusted accordingly. During application, ensure thorough coverage without excessive run-off.

## DIRECTIONS FOR USE

**SURSIL**, when applied with pesticides, fertilizers, and/or micronutrients, will be effective on alfalfa, corn, oats, peanuts, rice, sorghum, soybeans, sugarcane, wheat, lawns, turf, greens and tees, and deep feeding trees. For optimum results:

Ground: Use 12-64 oz per 100 gal (or 0.95-5 L per 100 L) of spray  
Aerial: Use 12-32 oz per 100 gal or (0.95-2.5 L per 100 L) of spray  
General Wetter/Sprayer: Use 6-12 oz per 100 gal or (0.475-0.95 L per 100 L) of spray

Note: When applying aerially, follow pesticide label directions including minimum water per volume per acre. Do not substitute **SURSIL** for water required by the pesticide label. **SURSIL** is also recommended for use with non-selective herbicides and other pesticides, including those used to desiccate or defoliate. The rate guidelines are for use with pesticides whose labels recommend the use of a nonionic surfactant. For best efficiency, increased or decreased surfactant rates may be required for some pesticides. Follow directions on the pesticide label when this occurs. Applications of **SURSIL** through irrigation injection systems are possible, provided that the recommended use rates and dilutions are maintained and local, state, and federal guidelines are followed. Before adding **SURSIL** to spray tank mixes or before using with a pesticide or fertilizer where a nonionic adjuvant is not specifically recommended but not prohibited by the manufacturer, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial of their own. For most efficient water penetration of hard to wet soils and the even distribution of applied moisture, follow recommended uses:

MANUFACTURED AND GUARANTEED BY  
AgXplore International, LLC  
7035 State Hwy D  
Parma, MO 63870

Lawns & Turf	.05% - .125% v/v concentration
Greens & Tees	.05% - .125% v/v concentration
Deep Feeding Trees	.10% - .200% v/v concentration

## STORAGE AND DISPOSAL

Store in a cool, dry place in original container. DO NOT FREEZE. Keep container tightly closed. Do not reuse empty container. Triple rinse then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state, and federal regulations.

## PRECAUTIONARY STATEMENTS

Avoid contact with eyes and skin. Avoid breathing vapors or spray mist. Wear eye/face protection and protective gloves. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation. Keep away from open flame. In case of fire, use dry chemical fire extinguisher to extinguish. FOR A SPILL, LEAK, EXPOSURE, OR FIRE INVOLVING THIS PRODUCT, CALL CHEMTREC (800) 424-9300 (24 HRS)

## FIRST AID

If in eyes: Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes and continue rinsing. If on skin: Take off contaminated clothing immediately. Rinse skin with water for 15-20 minutes. If symptoms persist, contact a poison control center or doctor for treatment advice.

**CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY**  
Manufacturer warrants that this product conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty nor any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. No employee or agent of AgXplore International, LLC, the manufacturer of this product, nor the seller, is authorized to vary the Conditions of Sale and Limitation of Warranty and Liability. Buyer assumes all risk if this product is used in any manner or under any condition other than those specifically set forth on the label. To the extent permitted by law, the Buyer's or User's exclusive remedy for any injury, loss, or damage resulting from handling or use of this product shall be limited to one of the following, at the discretion of AgXplore International, LLC: Direct damages not exceeding the purchase price of the product or replacement of the product. AgXplore International, LLC and the seller of this product shall not be liable for consequential, special, or incidental damages or losses, nor damages in the nature of a penalty.
