Directions for Commercial Use:

Symspray is a post-emergent foliar spray. Apply 6.5 oz to 3 pints per acre with sufficient water for thorough coverage. Symspray can also be diluted with other liquid fertilizers. A compatibility check is strongly recommended before tank mixing. For best results, spray in early morning or late afternoon. Do not apply during the "sunlight" hours when air temperature is above 85°F. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops. If you have any questions regarding mixing or application rates contact your Agro-K dealer before using this product.

Guaranteed Analysis:

Soluble Potash (K₂O) 1.0%
Cobalt (Co) 0.17%
Manganese (Mn) 1.50%
Zinc (Zn) 0.70%
