

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 11/19/2014 Version: 1.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
 Product name. : THIDIAZURON 4 SC HERBICIDE  
 Other means of identification : EPA Reg. No. 66330-334

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Herbicide

#### 1.3. Details of the supplier of the safety data sheet

Arysta LifeScience North America LLC  
 15401 Weston Parkway, Suite 150  
 Cary, NC 27513 - USA

#### 1.4. Emergency telephone number

Emergency number : Exposure Calls (PROSAR): +1-866-303-6952 or +1-651-603-3432 (international)  
 Spill Calls (CHEMTREC) (Contract # CCN1779): +1-800-424-9300 or +1-703-527-3887

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### GHS-US classification

Aquatic Chronic 2 H411  
 Full text of H-phrases: see section 16

#### 2.2. Label elements

##### GHS-US labelling

Hazard pictograms (GHS-US) :

GHS09

Hazard statements (GHS-US) : H411 - Toxic to aquatic life with long lasting effects  
 Precautionary statements (GHS-US) : P273 - Avoid release to the environment  
 P391 - Collect spillage  
 P501 - Dispose of contents/container in accordance with local and national regulations

#### 2.3. Other hazards

No additional information available

#### 2.4. Unknown acute toxicity (GHS-US)

2.29 percent of the mixture consists of ingredient(s) of unknown acute toxicity (Oral).  
 2.38 percent of the mixture consists of ingredient(s) of unknown acute toxicity (Dermal).  
 2.38 percent of the mixture consists of ingredient(s) of unknown acute toxicity (Inhalation (Dust/Mist)).

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixture

| Name                              | Product identifier    | %    | GHS-US classification                      |
|-----------------------------------|-----------------------|------|--|
| Thidiazuron<br>(Main constituent) | (CAS No) 51707-55-2   | 42.7 | Aquatic Chronic 2, H411                    |
| Anionic/nonionic surfactant blend | (CAS No) trade secret | 2.4  | Skin Irrit. 2, H315<br>Eye Irrit. 2A, H319 |

Full text of H-phrases: see section 16

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

|                                       |  |
|---------------------------------------|--|
| First-aid measures after inhalation   | : If inhaled and if breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.   |
| First-aid measures after skin contact | : Wash with plenty of soap and water.  |
| First-aid measures after eye contact  | : If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| First-aid measures after ingestion    | : Rinse mouth. Immediately call a POISON CENTER or doctor/physician.   |

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after eye contact : Direct contact with the eyes is likely irritating.

### 4.3. Indication of any immediate medical attention and special treatment needed

All treatments should be based on observed signs and symptoms of distress in the patient.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                |                                     |
|--------------------------------|-------------------------------------|
| Suitable extinguishing media   | : Carbon dioxide. Dry powder. Foam. |
| Unsuitable extinguishing media | : None known.                       |

### 5.2. Special hazards arising from the substance or mixture

|             |   |
|-------------|---|
| Fire hazard | : No particular fire or explosion hazard. |
| Reactivity  | : No dangerous reactions known.           |

### 5.3. Advice for firefighters

|                                |   |
|--------------------------------|---|
| Firefighting instructions      | : Exercise caution when fighting any chemical fire. Do not allow run-off from fire fighting to enter drains or water courses.   |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection. Use self-contained breathing apparatus. Wear fire/flame resistant/retardant clothing. |

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Avoid contact with skin and eyes.

#### 6.1.1. For non-emergency personnel

|                      |   |
|----------------------|---|
| Protective equipment | : Chemical goggles or safety glasses. Wear suitable gloves resistant to chemical penetration. |
| Emergency procedures | : Evacuate unnecessary personnel.   |

#### 6.1.2. For emergency responders

|                      |  |
|----------------------|--|
| Protective equipment | : Chemical goggles or safety glasses. Wear water-proof gloves. |
| Emergency procedures | : Ventilate area.  |

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Prevent dispersion.

### 6.3. Methods and material for containment and cleaning up

|                         |  |
|-------------------------|--|
| For containment         | : Absorb and/or contain spill with inert material, then place in suitable container.   |
| Methods for cleaning up | : Take up in non-combustible absorbent material and shove into container for disposal. |

### 6.4. Reference to other sections

Section 13: disposal information. Section 7: safe handling. Section 8: personal protective equipment.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                               |   |
|-------------------------------|---|
| Precautions for safe handling | : Avoid contact with skin, eyes and clothing.   |
| Hygiene measures              | : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. |

### 7.2. Conditions for safe storage, including any incompatibilities

|                        |  |
|------------------------|--|
| Storage conditions     | : Do not store near food, foodstuffs, drugs, or potable water supplies. Keep container tightly closed. |
| Incompatible products  | : Strong oxidizing agents.   |
| Incompatible materials | : Direct sunlight.   |

### 7.3. Specific end use(s)

Herbicide.

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| Thidiazuron (51707-55-2) |                |
|--------------------------|----------------|
| ACGIH                    | Not applicable |
| OSHA                     | Not applicable |

| Anionic/nonionic surfactant blend (trade secret) |                |
|--|----------------|
| ACGIH  | Not applicable |
| OSHA   | Not applicable |

#### 8.2. Exposure controls

|                                  |  |
|----------------------------------|--|
| Appropriate engineering controls | : Avoid creating mist or spray. Avoid splashing. Either local exhaust or general room ventilation is usually required.         |
| Hand protection                  | : Wear water impervious gloves.  |
| Eye protection                   | : Chemical goggles or safety glasses.  |
| Respiratory protection           | : In case of inadequate ventilation wear respiratory protection. Use an approved respirator equipped with oil/mist cartridges. |
| Other information                | : Do not eat, drink or smoke when using this product.  |

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|  |   |
|--|---|
| Physical state                             | : Liquid  |
| Appearance                                 | : Viscous liquid.   |
| Colour                                     | : Off-white   |
| Odour                                      | : No data available   |
| Odour threshold                            | : No data available   |
| pH   | : 5.5 - 7   |
| Relative evaporation rate (butylacetate=1) | : No data available   |
| Melting point                              | : No data available   |
| Freezing point                             | : No data available   |
| Boiling point                              | : No data available   |
| Flash point                                | : > 93 °C   |
| Self ignition temperature                  | : No data available   |
| Decomposition temperature                  | : No data available   |
| Flammability (solid, gas)                  | : No data available   |
| Vapour pressure                            | : No data available   |
| Relative vapour density at 20 °C           | : No data available   |
| Relative density                           | : No data available   |
| Density                                    | : 1.186 g/ml  |
| Solubility                                 | : Water: Solubility in water of component(s) of the mixture :<br>• Thidiazuron: 31 mg/l |
| Log Pow                                    | : No data available   |
| Log Kow                                    | : No data available   |
| Viscosity, kinematic                       | : No data available   |
| Viscosity, dynamic                         | : 800 - 1600 cP   |
| Explosive properties                       | : No data available   |
| Oxidising properties                       | : Exothermic reaction with Potassium Permanganate                                       |
| Explosive limits                           | : No data available   |

#### 9.2. Other information

No additional information available

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

No dangerous reactions known.

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 10.2. Chemical stability

Stable at ambient temperature and under normal conditions of use.

### 10.3. Possibility of hazardous reactions

Hazardous polymerization will not occur.

### 10.4. Conditions to avoid

Direct sunlight.

### 10.5. Incompatible materials

Strong oxidizing agents.

### 10.6. Hazardous decomposition products

Carbon dioxide. Carbon monoxide. Nitrogen oxides. sulfur oxides. Burning produces irritating, toxic and noxious fumes.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity : Not classified

| THIDIAZURON 4 SC HERBICIDE |                |
|----------------------------|----------------|
| LD50 oral rat              | > 5000 mg/kg   |
| LD50 dermal rat            | > 5000 mg/kg   |
| LC50 inhalation rat (mg/l) | > 2.33 mg/l/4h |

| Thidiazuron (51707-55-2)   |               |
|----------------------------|---------------|
| LD50 oral rat              | > 4000 mg/kg  |
| LD50 dermal rat            | > 1000 mg/kg  |
| LD50 dermal rabbit         | > 4000 mg/kg  |
| LC50 inhalation rat (mg/l) | > 2.3 mg/l/4h |

Skin corrosion/irritation : Not classified (Non-irritating to skin in rabbits.)  
Serious eye damage/irritation : Not classified (Minimally irritating)  
Respiratory or skin sensitisation : Not classified (No sensitizing reaction was observed for guinea pigs.)  
Germ cell mutagenicity : Not classified  
Carcinogenicity : Not classified  
Reproductive toxicity : Not classified (THIDIAZURON TECHNICAL NOAEL = 25 mg/kg/day)  
Specific target organ toxicity (single exposure) : Not classified  
Specific target organ toxicity (repeated exposure) : Not classified  
Aspiration hazard : Not classified  
Symptoms/injuries after eye contact : Direct contact with the eyes is likely irritating.  
Likely routes of exposure : Skin and eyes contact.

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecology - water : Toxic to aquatic life with long lasting effects.

| Thidiazuron (51707-55-2) |                                 |
|--------------------------|---------------------------------|
| LC50 fishes 1            | > 19 mg/l 96 h Rainbow trout    |
| EC50 Daphnia 1           | > 10 mg/l 48 h                  |
| LC50 fish 2              | > 32 mg/l 96 h Bluegill sunfish |

### 12.2. Persistence and degradability

| THIDIAZURON 4 SC HERBICIDE    |   |
|-------------------------------|---|
| Persistence and degradability | May cause long-term adverse effects in the environment. |

### 12.3. Bioaccumulative potential

| Thidiazuron (51707-55-2) |      |
|--------------------------|------|
| Log Kow                  | 1.77 |

### 12.4. Mobility in soil

No additional information available

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 12.5. Other adverse effects

- Effect on ozone layer : No known ecological damage caused by this product.  
Effect on the global warming : No known ecological damage caused by this product.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

- Sewage disposal recommendations : Do not dispose of waste into sewer.  
Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. Disposal via incineration is recommended.  
Ecology - waste materials : Dispose of container in a licensed facility.

## SECTION 14: Transport information

In accordance with DOT

Not considered a dangerous good for transport regulations

### Additional information

- Other information : No supplementary information available.

### ADR

- Transport document description : UN 3082 ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (Thidiazuron), 9, III, (E)  
Packing group (ADR) : III  
Class (ADR) : 9 - Miscellaneous dangerous substances and articles  
Hazard identification number (Kemler No.) : 90  
Classification code (ADR) : M6  
Danger labels (ADR) : 9 - Miscellaneous dangerous compounds

Orange plates :

- Tunnel restriction code (ADR) : E  
LQ : 5L  
Excepted quantities (ADR) : E1

### Transport by sea

- UN-No. (IMDG) : 3082  
Proper Shipping Name (IMDG) : ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (Thidiazuron)  
Class (IMDG) : 9 - Miscellaneous dangerous substances and articles  
Packing group (IMDG) : III - substances presenting low danger  
Marine Pollutant : Yes

### Air transport

- UN-No. (IATA) : 3082  
Proper Shipping Name (IATA) : ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (Thidiazuron)  
Class (IATA) : 9 - Miscellaneous Dangerous Goods  
Packing group (IATA) : III - Minor Danger

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 15: Regulatory information

#### 15.1. US Federal regulations

**Thidiazuron (51707-55-2)**

Not listed on the United States TSCA (Toxic Substances Control Act) inventory

#### 15.2. International regulations

##### CANADA

**THIDIAZURON 4 SC HERBICIDE**

WHMIS Classification

Uncontrolled product according to WHMIS classification criteria

**Thidiazuron (51707-55-2)**

Not listed on the Canadian DSL (Domestic Substances List) inventory.

#### EU-Regulations

**Thidiazuron (51707-55-2)**

Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances) substances.

#### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Aquatic Chronic 2 H411

Full text of H-phrases: see section 16

#### Classification according to Directive 67/548/EEC or 1999/45/EC

Xn; R20/21

R52/53

#### 15.2.2. National regulations

**Thidiazuron (51707-55-2)**

Not listed on the Canadian Non-Domestic Substances List (NDSL).

#### 15.3. US State regulations

Not listed

#### 15.4. US EPA - FIFRA Regulations

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

|                              |  |
|------------------------------|--|
| Signal word (FIFRA)          | : CAUTION.   |
| Hazard statements (FIFRA)    | : Harmful if swallowed, inhaled, or absorbed through the skin.<br>Avoid breathing spray mist. Avoid contact with skin, eyes, and clothing. Do not contaminate food or feedstuffs.  |
| Environmental hazards        | : Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Do not apply when weather conditions favor drift from treated areas. This product may contaminate water through drift of spray in wind. This product has a high potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to product runoff that contains this product. A level well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential for contamination of water from runoff. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours. Sound erosion control practices will reduce this product's contribution to surface water contamination.<br>This chemical has properties and characteristics associated with chemicals detected in ground water. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. |
| Physical or Chemical hazards | : This product is incompatible with strong oxidizing agents such as nitrates, chlorine bleach or hydrogen peroxide.  |

### SECTION 16: Other information

Indication of changes : Original Document.

# THIDIAZURON 4 SC HERBICIDE

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### Full text of H-phrases::

|                   |  |
|-------------------|--|
| Aquatic Chronic 2 | Hazardous to the aquatic environment - Chronic Hazard Category 2 |
| Eye Irrit. 2A     | Serious eye damage/eye irritation Category 2A                    |
| Skin Irrit. 2     | skin corrosion/irritation Category 2                             |
| H315              | Causes skin irritation   |
| H319              | Causes serious eye irritation                                    |
| H411              | Toxic to aquatic life with long lasting effects                  |

- NFPA health hazard : 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.
- NFPA fire hazard : 1 - Must be preheated before ignition can occur.
- NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and not reactive with water.
