Section 2(ee) Recommendation

Date: September 23, 2013

Product: Voliam Xpress® Insecticide
EPA Registration No. 100-1320

Uses: Addition of Brown Marmorated Stink Bug as Pest Controlled to Pome Fruit Section of the Voliam Xpress® Label

States: Idaho, Washington

Directions for Use

Voliam Xpress® applied as a foliar spray will provide control of brown marmorated stink bug at the rates indicated in the following table. The user must refer to the federally approved label for Voliam Xpress® and read and follow all directions for use, restrictions, and precautions.

Crop Group Section of the Federal Label	Rate/Acre Per Application
Pome Fruit	10.0 – 12.0 fl oz/A

Pollinator Precautions

- **Voliam Xpress® is highly toxic to bees exposed to direct treatment on blooming crops or weeds.** Do not apply Voliam Xpress® or allow it to drift to blooming crops or weeds while bees are foraging in/or adjacent to the treated area.

The user must refer to the federally approved Voliam Xpress® label and read and follow all directions for use, restrictions, and precautions.

It is a violation of federal law to use this product in a manner inconsistent with its labeling. The user must have this recommendation in their possession at the time of use.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the EPA.
