PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER/PELIGRO

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES. Fatal if swallowed. Causes severe skin burns and eye damage. May be fatal if swallowed and enters airways. May be corrosive to metals. Keep product locked up and out of the reach of children. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Do not take internally. Avoid contact with or inhalation of spray application mist if present. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Not for human or animal consumption.

Personal Protective Equipment (PPE): Protective eyewear (tightly fitting goggles and face shield), long-sleeved shirt and long pants, chemical-resistant, impermeable apron, gloves made of any waterproof material such as polyethylene or polyvinyl chloride, shoes and socks.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Remove immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs: Get medical advice or attention.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

WIPEOUT® XS is a high pH tank and equipment cleaner that thoroughly penetrates, solubilizes and removes pesticide residue and hard water deposits from sprayer tank walls, hoses, screens and nozzles.

Recommended for equipment used to apply active ingredients registered for agricultural, aquatic, forestry, industrial, municipal, non-crop land, ornamental rights-of-way, turf, and other appropriate uses.

DIRECTIONS FOR USE

Follow the manufacturer's warranty requirements for cleaning and maintaining application equipment.

Refer to the active ingredient label for specific equipment preparation and cleaning recommendations.

Rinsate should be collected and contained according to all local, state and federal regulations.

- **Large Volume Sprayers:** Empty the spray tank completely, preferably in the field. Rinse all interior areas of the spray tank with clean water.

Add **WIPEOUT® XS** to the rinse water in the tank and agitate for 15-20 minutes.

Purge hoses, lines, screens and nozzles for at least one minute or remove and clean separately. Some pesticides can be slow to release from equipment surfaces, and soaking for 12-24 hours may be necessary. After cleaning, empty the system and thoroughly flush all components with clean water.

- **Hand-Held and Back-Pack Sprayers:** Use approximately one ounce of **WIPEOUT® XS** per gallon of water, agitate thoroughly and pump through lines and nozzle, drain and follow with clean water triple rinse.

USE RATE

One quart of **WIPEOUT® XS** per 100 gallons of water or 0.25% to 0.5% v/v

SPECIAL PRECAUTIONS / RINSATE TESTING: The use of **WIPEOUT® XS** or other tank cleaners does not guarantee removal and/or neutralization of all residues.

Many variables exist that make consistent tank cleaning difficult: for example, water quality, use of pressurized cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.

Effective equipment clean-out is the responsibility of the applicator.

In order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive broadleaf plants and after sufficient time, observe for wilting or severe stress.

If stress occurs, repeat cleaning process and retest as above.

All internal and external rinsate must be contained and disposed of according to state, local and federal regulations.

WIPEOUT® XS is not approved for (tank or equipment) clean-out for flumioxazin containing tank mixes.

STORAGE AND DISPOSAL

STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Keep separated from strong oxidants, strong acids, metals, food & feedstuffs. Keep dry. Do not store above 49°C/120° F. Keep container tightly closed & upright when not in use to prevent leakage. Wear full face shield, gloves & full protective clothing when opening or handling. When empty, drain completely, replace bungs securely. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale—Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

The directions on this label are believed to be reliable and must be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Agri-Enterprises, LLC (the "Company") or the seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Agri-Enterprises, LLC's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

Disclaimer: Always refer to the label on the product before using Helena or any other product.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
