FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF MISSISSIPPI**

WISDOM[®] TC FLOWABLE

EPA REG. NO. 5481- 520

EPA SLN NO. MS- 090009

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

This 24(c) label is only approved for use in conjunction with a new construction wood primary treatment in Mississippi as specified in subsection 114.06(3) of the Regulation Governing Commercial Insect, Pest Animal and Disease Control Work.

When a new construction wood primary treatment is used for control of subterranean termites and is applied according to label directions for use, **Wisdom TC Flowable** must be applied as an exterior perimeter new construction treatment using a **0.06%** dilution after final grade is established. **Wisdom TC Flowable** must be applied to provide a continuous treated zone around the entire exterior foundation wall of the building. It is required that a complete and continuous treated zone be achieved around the entire exterior perimeter, including under any attached slabs such as garages, porches, patios, driveways and pavement adjoining the foundation. **Wisdom TC Flowable** may also be applied to critical areas that include plumbing and utility penetrations (including bath traps), shower drain penetrations, along settlement cracks and expansion joints and dirt filled porches.

For applications to the exterior perimeter and critical areas follow the instructions in the DIRECTIONS FOR USE section of the Wisdom TC Flowable label.

IMPORTANT: Before using this product, read and carefully observe directions, cautionary statements and other information appearing on the product packaging label. This product is sold subject to the Conditions of Sale set for the on the container label.
