

Ingredients
Proprietary blend of Silicates, Bicarbonates,
Citrates, Sodium Hypochlorite and Purified water

Directions for Mix:

Shake Well Before Use:

Mix 1/2 ounce (14 mL) of SNS-Refresh®
to one gallon (3.79L) of water.

Mix well. Mixed solution may be
stored or used immediately. SNS-Refresh®
is designed to enhance the effectiveness
of fruit, vegetable and cut flower washing
process. The effects of using SNS-Refresh®
results in reduced iron oxidation, longer shelf
life, greater stability and enhanced freshness
of all ages of fruits, vegetables and cut-
flowers. SNS-Refresh® is formulated to be
used within a pH range of 7 to 9 and may
be used with free chlorine levels of 5 to 200
ppm.

Directions:

Spraying, Spray material until wet.

Dunking, Dunk material for a minimum of 30
secs. Fogging, Set fogger to maximum level
to completely cover the material.

After using the material, thoroughly wash all
food contact surfaces contacted by the
concentrate with soap and water.
Do not use near heat or open flame.
Store in cool location out of direct sunlight.
Do not freeze. Wash hands thoroughly
after handling.

Harmful if swallowed or inhaled.
Causes severe irritation to eyes, skin and
respiratory tract.
Keep out of reach of children
Hand Protection Proper Gloves
Eye Protection "Goggles" Protective Clothing

Diluted solutions of Silicates are strong alkaline
irritants. The solid Silicates are corrosive. Exposure
to alkaline corrosives may result in severe burns
depending on the concentration and duration of
exposure. Silicates are a type of amorphous silica and
does not cause pulmonary silicosis.

First Aid

Not intended for human consumption. As with any
washing aid, avoid contact with eyes and skin. If in
eyes, flush eyes with water for a minimum of 15-20
minutes. If on skin, wash skin with soap and water.
If irritation persists contact a physician. Have the
product container or label with you when calling
a poison control center or doctor, or going in for
treatment. Poison control center hotline 1-800-222-
1222 if over exposure occurs.

Storage and Disposal

Store in a cool, dry area away from heat or open
flame. Do not reuse container. Dispose in trash or offer
for recycling if available.
