

# DESERT ROSE

ECHEVERIA 'GREY RED'

Beautiful, light gray succulent with  
red-tipped leaves in bright sun

Blooms red-orange flowers in  
spring to mid-summer

Water when soil is completely dry, about once  
every 10-14 days, by drenching thoroughly  
and pouring off excess water

Appreciates bright, indirect sun  
throughout the year

Propagates easily by leaves or cuttings
