PURPOSE

Applied Training Environment

The INNOVATION PLAYBOOK is structured as a 360° applied training environment. Trainees toggle between monthly classroom training and applied experiential learning within their work environment. Integrating and synergizing participation across all levels of government – from entry level to senior executives, innovation teams come together to develop specifically targeted projects or programs that meet key challenges identified by the State of California agency leaders.

- > Scales *real time innovation pipelines and playbooks*...a culture of innovation
- > Meets the State of California's biennial leadership training requirements. (GC 19995.4. – Effective July 1, 2016)

Designed for...

- > Line staff who are rising stars with management potential
- > First line supervisors
- > Middle managers executives
- > Executive leadership

Creating a multi-generational, multi-cultural and multi-professional environment. Integrating and synergizing participation across all levels of government – classroom and work environments.

Authentic. Fluid. Agile. Scalable.

EXECUTIVE LEADERSHIP

Roles and Responsibilities

Pathfinders Our executive sponsors have spent their careers in public service as pathfinders – risking to chart the uncharted territory of leading innovation in government.

Strategists Cal-IPGCA is complex from the perspective of transcending departmental, cultural and programmatic boundaries within state service. Retrofitting the dynamic integrated systems of Cal-IPGCA into the siloed environments of government has created an adept capacity to “build the plane while flying” – within the program structure itself and then through deploying this strategy and skill to our trainees. *Our motto: Tell, Show, Let, Help.*

Goal Setters As pathfinders and strategists establishing the goals that fuel metric-driven outcomes is both an art and a science that is honed through the iterations of innovating the Cal-IPGCA program.

Stewards As frontline leadership in State Government, Cal-IPGCA Executive Sponsors serve to enhance the performance of government and the range opportunities for current and future state employees. Our focus: to deliver great results to Californians. We’re creating a culture of innovation that transforms – a blueprint for the State of California, our country and our world!

Innovation Playbook Curators We serve in the curation of Cal-IPGCA’s Individual and programmatic Innovation Playbooks that demonstrate the outcomes and ROI of our training cohorts. These playbooks become the foundation of subsequent cohorts.

Roles and Responsibilities

Advisors: The Cal-IPGCA Advisory Board serves as the front-line conduit for outreach to State of California leadership and our state's workforce. They support the program by contributing the key challenges that create the program's Innovation Priorities (IP's).

Advocates: As Cal-IPGCA Advocates, the Advisory Board is instrumental in promoting the awareness for Cal-IPGCA within their departments. They are our education partners, guiding the performance of Cal-IPGCA at key junctures.

Educational Partners: To heighten capacity of generating a culture of innovation, the Cal-IPGCA Advisory Board assures the program's trainees represent cross-generational, cross-cultural, cross-professional and cross-organizational involvement of the state's workforce.

Change Challengers: As state leadership, the Cal-IPGCA Advisory Board serves a critical dual function as "Change Challengers." Providing strategic advisory, each training class kicks off with a two-hour interactive "Change Challenge Forum" where the Cal-IPGCA Innovation Priorities are analyzed in cross-governmental platforms. This strategic advisory is then integrated by the program's trainees in guiding their moonshot projects.

INNOVATION CYCLE

“Innovation is turning an idea into a solution that delivers Value”

Cal-IPGCA Continuous Innovation Cycle

The engine of Cal-IPGCA is fueled by the dynamic interaction that exists between 8 distinct program areas that function interdependently in real time. To enhance real-time innovation, Cal-IPGCA’s organic approach breaks through silos to cross-pollinate people and resources across all participating departments and agencies.

EXECUTIVE SPONSORS: CAL-IPGCA’S six executive sponsors are pathfinders leading the deployment of government innovation. They’re strategists adept at the real time skill of “building the plane while flying.” As goal setters and idea-makers they deliver metric driven results that substantiate transformation and performance. As stewards they advance the human potential of state employees and organizations. Their overarching vision is delivering great results to Californians.

INNOVATION CYCLE

PROGRAM MANAGEMENT: Cal-IPGCA Program Management Team bridges the functions of the executive sponsors into the real time program structure. As catalysts they fortify the successes of work in progress, and as facilitators they guide the moonshot projects and the daily activities of trainees. As integrators they cross-pollinate program structures and people to enhance ROI and metrics-driven performance.

BOARD OF ADVISORS: The Cal-IPGCA Board of Advisors serves as the front-line outreach conduit to State of California leadership and our state’s workforce. They support the program by facilitating the key challenges identified that serve as the program’s Innovation Priorities (IP’s).

- Advisors
- Advocates
- Educational Partners
- Change Challengers

CHALLENGE FORUMS: The IPGCA Board of Advisors are “Change Challengers”. In Q&A Forums, they are “visioneers” for the reimagining of government – what can be as opposed to what has been. They ignite and inspire the innovation teams by providing strategic insight and wisdom.

- “Visioneers”
- Navigators
- Mentors

INNOVATION PRIORITIES: Cal-IPGCA’S Innovation Priorities (IPs) focus on the most critical Enterprise-Wide Challenges facing state government in California. The inter-dependencies between IPs formulate pipelines that enhance holistic performance outcomes.

- Critical Enterprise-Wide Challenges

MOONSHOT TEAMS: Cal-IPGCA trainees are imagineers and innovators of moonshot outcomes that attempt to bring exponential rather than incremental improvement. Trainees participate as one community in a secure enterprise-wide platform: KollaborNation. As “Kollaborators,” trainees construct a metrics driven-moonshot innovation process to achieve outcomes.

EXPERIENTIAL LEARNING: Cal-IPGCA deploys the GovOps-CalHR 9 Leadership Values through work-based LMS Training modules. The 41 5-Minute Training Modules feature state leadership as they articulate a lesson that trainees must then “incubate” as applied outcomes – demonstrated in their personal and professional lives and teamed innovation projects. Individual Innovation Playbooks document results!

CAL-IPGCA ALUMNI ASSOCIATION: Training doesn’t end when the class is over. Cal-IPGCA Alumni Association member trainees can become advisors that support our executive sponsors and board of advisors. They can become mentors to enhance the educational experience of new trainees. They can train as program facilitators, building critical skillsets that place them as leaders of innovation and change.

LEADERSHIP ENERGIZES 360!

USC Price

Sol Price School of Public Policy

Great leaders energize!

The **Leadership Energizes 360**-degree assessment is designed for current and emerging leaders to aid in professional development. This web-based assessment measures leadership impacts as a snapshot in time across three broad areas: Individual Behavior and Characteristics, Group and Team Processes, and Organizational Context. The online tool begins with a self-assessment and collects observations from peers, supervisors, and subordinates. Results are reported across the three broad areas and broken down by observer type, allowing participants to analyze and reflect based upon their strengths and opportunities for improvement as perceived by themselves and others. Learn more at www.leadershipenergizes.com

\$550

Coaching Schedule: August 27-31 and Sept 24-28, 2018

- The 2nd post-series coaching schedule is designed to integrate a path for applying what was learned.

Note: This fee represents a significant discount for Cal-IPGCA Trainees from USC/Price's typical coaching fee structure.

▶ EXECUTIVE COACHING: What is coaching?

Paul Danczyk
Director of Executive Education,
USC Sol Price School of Public Policy

Executive coaching facilitates applied professional growth and is included in this year's Cal-IPGCA. Over the course of two, 45-minute spot coaching sessions, participants will work with a certified coach, using the **LeadershipEnergizes360!** results as a starting point. Executive coaching focuses on the present and future self. While some background is necessary, executive coaches will not analyze or try to diagnose psychological behaviors—this would be counseling. Instead, the conversation evolves to help you better understand yourself, internal and external obstacles, strengths, and professional goals. The coaches will challenge the discussion through active listening, and the conversation only goes where the participant chooses to take it. The two sessions are one-on-one and confidential.

CAL-IPGCA FACILITATION ASSISTANT

Cal-IPGCA Facilitation Assistant

We know that facilitation is more than a practice—it's a solution. Facilitation soft skills are essential to the success of individuals, teams, customer relationships, and the delivery of constituent services—these skills truly represent an enterprise-wide need! Cal-IPGCA facilitation instruction sets itself apart from other training, as training is conducted in tandem with the Cal-IPGCA Program. We live in a real-time world where change is a constant. We train facilitators (and the trainees they oversee) to thrive in this environment at the forefront of change and innovation in government

\$2850

Note:
A prerequisite for acceptance as a candidate is the completion of Cal-IPGCA Cohort 2017.

Elite

- Accepts and trains only 6-candidates annually

Distinctive

- Facilitation Assistants work hand-in-hand and are mentored by our trained Cal-IPGCA facilitators.

Applied – Real-Time

- Skills learned in the 12 hour intensive pre-training environment are then honed across a 5-month classroom and work-based leadership and innovation program – The California Innovation Playbook for Government Change Agents (Cal-IPGCA)

Sponsored

- Cal-IPGCA under the Executive Sponsorship of the Government Operations Agency, the Department of General Services and the Franchise Tax Board.

Hybrid

- Unlike other facilitation training, Cal-IPGCA Facilitation Training is a hybrid in that 85% of this 80-hour training program is carried out in applied manner in tandem with the Cal-IPGCA 5-Month Training Series. (We prioritize on-the-job training!)

Launching the Cal-IPGCA Alumni Association!

Background: ORA Systems, Inc., along with three executive sponsors – California Government Operations Agency (GovOps), the Department of General Services (DGS) and the Asian Pacific State Employees Association (APSEA) – continue to surpass their goal to enrich the lives of state employees. The California Innovation Playbook for Government Change Agents (Cal-IPGCA) supports transformation and develops collective and individual leadership potential throughout the five-month cohort experience.

The inception of Cal-IPGCA began in 2012 under a different banner known as the Navigating Leadership Program (NLP). However, the goal is the same, which is to generate a real-time understanding and intrapreneurship through leadership, innovation, and creativity. The established framework allows trainees to expand their leadership capacity to create moonshots for enterprise-wide challenges facing state agencies. The final cohort projects introduce a solution to an enterprise challenge facing state organizations. The outcomes and moonshots from the cohort teams provide a roadmap for future cohorts.

Formation: The 2017 Cal-IPGCA cohort was extremely inspired by their access, and interaction with various leaders throughout the state. The dynamic style of collaboration experienced throughout the five-month training impressed upon them that change is possible within state government. Therefore, collectively they voted to create a Cal-IPGCA Alumni Association.

The Alumni Association is a formal group lead by a President, Vice President, Secretary, and Communications Officer. The Association will have Bylaws, and a Mission, Vision and Values statement. The scope of activities will include continuous work with the Executive Sponsors, the Board of Advisors, and Cal-IPGCA cohorts. The Association will have six meetings that will be scheduled 10-days after the cohort's in-class eight-hour training sessions.

What to expect? The Cal-IPGCA Alumni Association will have an on-going leadership presence in the 2018 Cohort. The Alumni Association provides leadership opportunities for Cal-IPGCA graduates to continue his or her participation through opportunities to mentor, and to communicate with the current cohorts through online resources found in KollaborNation. Additionally, there will be networking opportunities, in-person meetings, and follow-up with cohort graduates to provide useful information for those future leaders who seek the advice of members to support their efforts throughout the cohort.

Part-time trainees from 2017 and past Alumni members are encouraged to participate in the Cal-IPGCA Alumni Association.

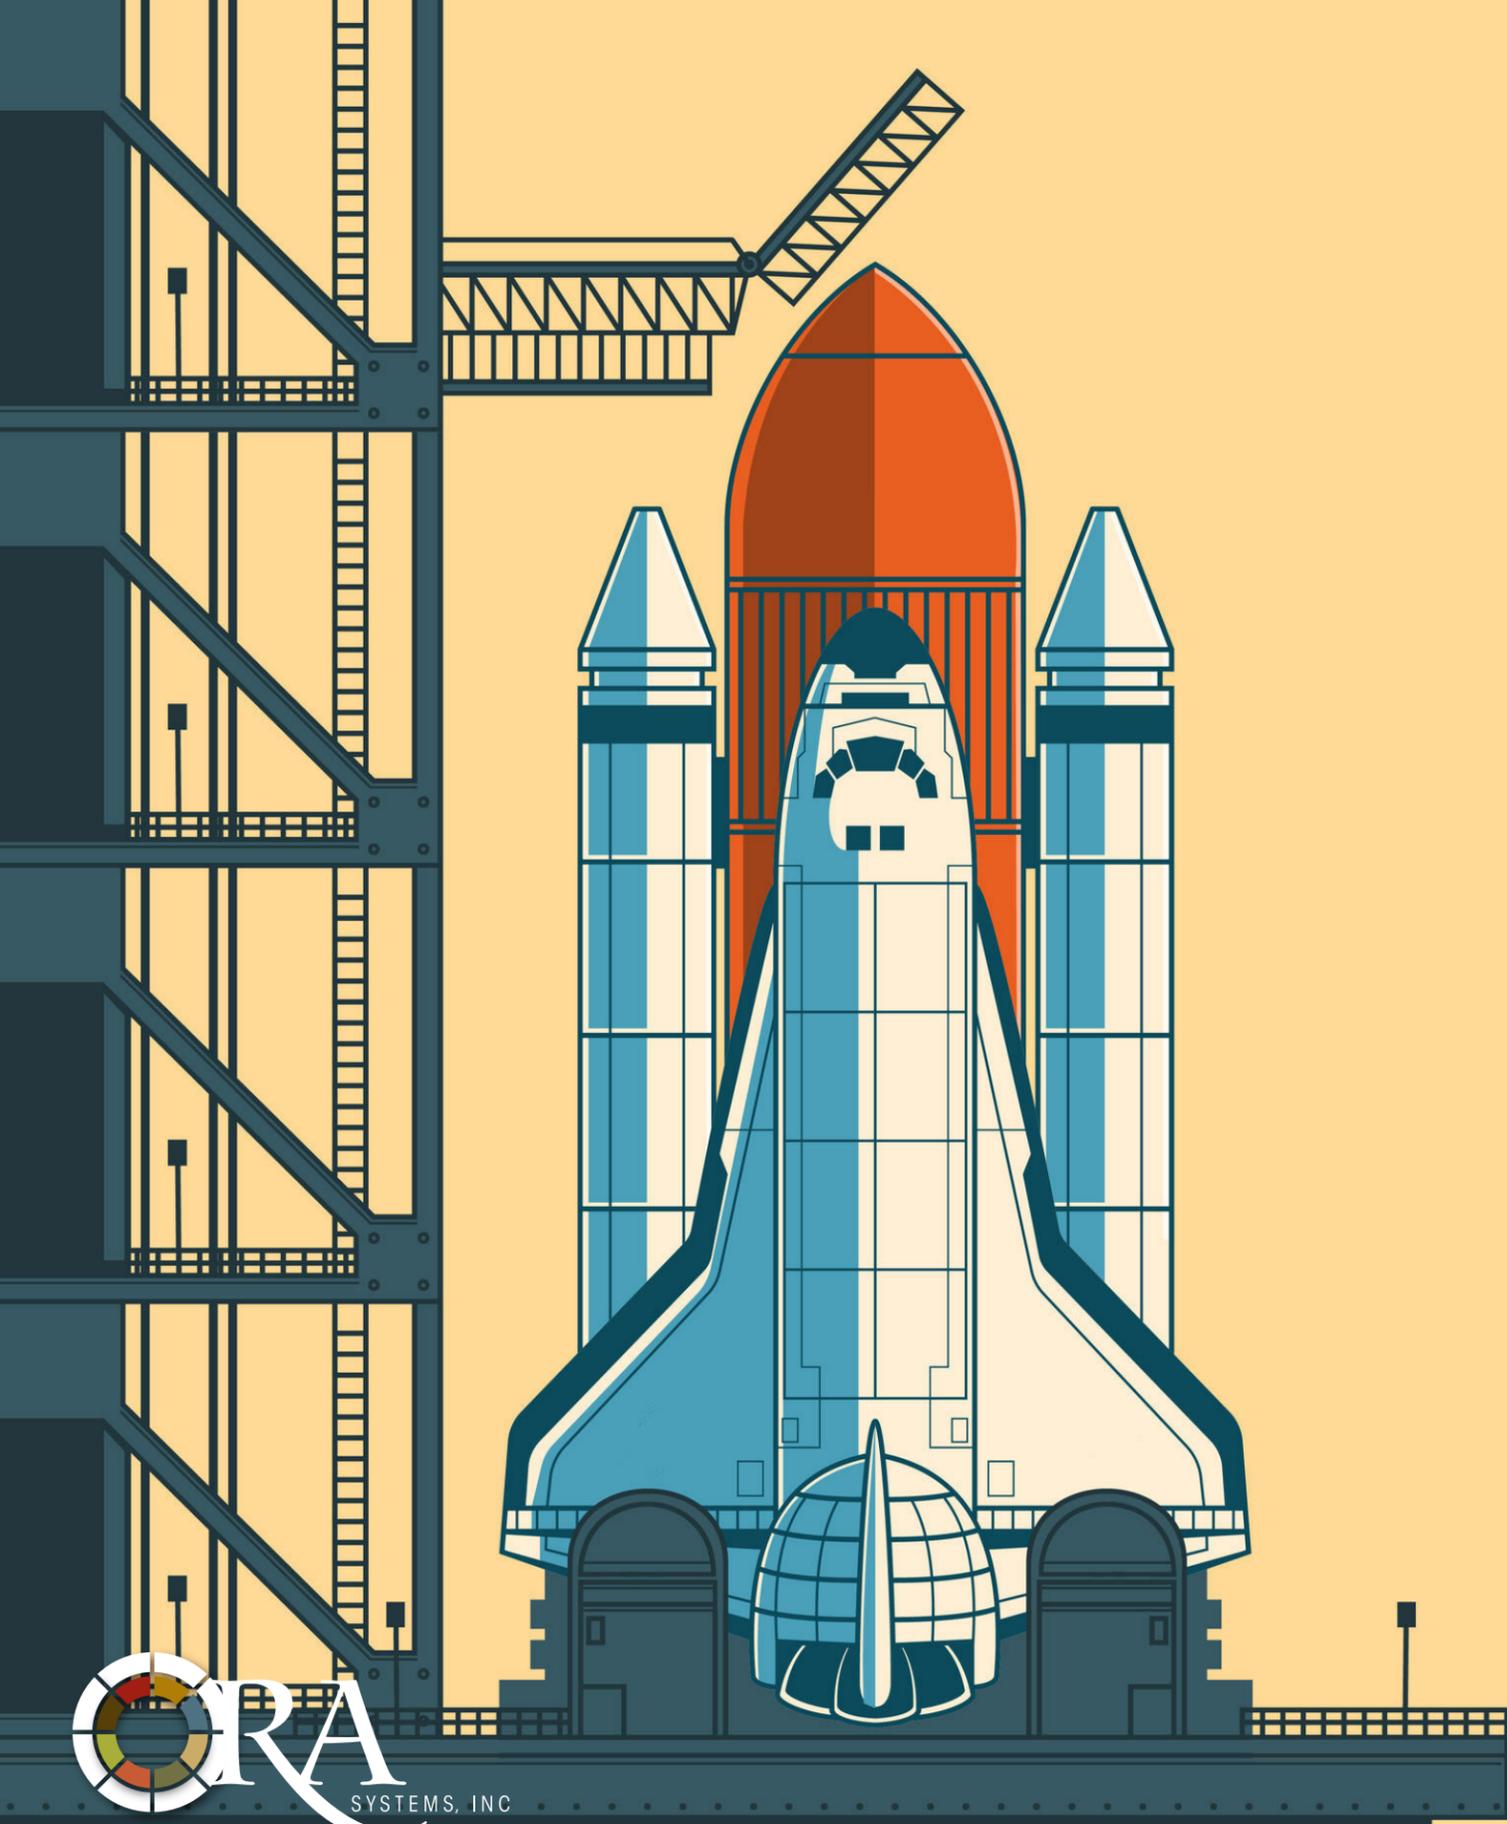

Cal-IPGCA Leadership...

Cal-IPGCA Leadership is designed to mirror the generational spectrum and cultural diversity of California's 228,000 + employee base and the diversity of society served.

Our hands-on team of leadership is passionate in its mission to have California Government seen as the pioneers of government innovation and intrapreneurship. *As we stand at the forefront of opportunity, it is our vision that our State Government becomes the **employer of choice** for the next generation leadership entering the stewardship of state service. **We see our work as a movement and we're passionate about the transformational outcomes we are achieving as we tap into and advance the vast resource of human potential and organizational potential we are co-creating!***
