MEDICAL BENEFITS & POLICIES

Medical Necessity

Physical Therapy visits will be provided according to medical necessity.

Therefore, it is our office policy that a doctor's referral is necessary to be seen at Campbell's Premier Physical Therapy.

Physical Therapy Benefits

Please ask us if you have any questions about your benefits or contact your insurance carrier.

We will bill your insurance for you but in case of non-payment by your carrier, it is your responsibility to pay for the services.

NOTE: If you are not using an insurance and will be SELF PAY, or you have not yet met the deductible amount that your insurance requires from you, we will be collecting payments at every visit that will be applied toward your insurance deductible.

24 Hour Cancellation and "No Show" Policies

If it is necessary to cancel or reschedule your appointment, we require a 24 hour advance notice. Appointment times are in high demand and this will allow us to schedule another patient who is waiting to be treated. There will be a **\$50** charge for a cancellation or "No Show" without proper notice.

Our goal is to provide quality medical care in a timely manner. In order to do so, we have had to implement this appointment/cancellation policy.

I have read and understand the above policy completely and agree to the terms.

INFORMED CONSENT FORM

What Is Physical Therapy

Physical therapy is a rehabilitation method that helps patients gain or regain the physical activities that they lost or that they are incapable of doing due to defects either from birth or resulting from injuries or disease. There are various methods of treatments to help one to regain and/or improve his or her physical function.

How Physical Therapy Is Performed

Physical therapy is often done with the help of guided exercises. Some use additional agents such as heat or cold compress, sound waves, electricity, or mechanical devices or machines. This will depend on the issues that are needed to be addressed and the technology available for the physical therapist to utilize.

The Risks

As physical therapy intends to resolve the problem that the person is experiencing due to illness or injury, there are some risks that may arise during the course of the treatment such as pain and discomfort during the process of therapy. Stretching and twisting may cause some swelling and soreness of stiff muscles. This is normal. There are therapies that may use hot or cold compresses in order to relieve the pain during therapy. Your physician may recommend drugs in order to help you with the pain and swelling while going through the process of physical therapy.

Please take note that some can experience pain and discomfort that may reduce one's motivation to continue due to pain or lack of obvious results. It is important that the person continues with the therapy if it is too early to see the results. It would be best to discuss these matters with your physical therapist.

Expectations

There are not guaranteed expectations when one undergoes physical therapy treatment. This depends on the situation. But when one undergoes a physical therapy program, it is intended that one will be able to return to his or her prior level of functioning or develop a method to continue what was possible to be performed before the injury. When going through the program, it is important that the patient is truthful with what he or she thinks or feels. Good communication is important for the progress of the patient.

I have read and understand the information given to me and consent to my treatment for physical therapy.

INSURANCE INFORMATION

I have chosen to have Campbell's Premier Physical Therapy bill my private health insurance to cover my physical therapy visits.

NOTE: Our office policy is a maximum of 24 visits per episode of care.

Once I have met the 24 visit limit, I understand that there is a likelihood that my insurance will elect not to pay for my visits or request a refund for visits already paid because the visit limit was reached.

If that occurs, **I agree to pay Campbell PT for any unpaid visits charges or returned payments.**
