Additional Information
<p>Photography Packages</p> <p>All photography packages come with unlimited photos. We won't count the number of photos that we take on site because each property is unique and will require different amounts of photos. However, this applies only to photos taken on site. Photos of the neighborhood or surrounding area are not included in our packages. Photos of complex amenities for apartments, condos and townhouses such as pools, tennis courts, etc are included within reason. Also, please note that while our photo packages are unlimited, we only take what is necessary and deliver what is necessary. For most homes less than 4,000 square feet, this means we'll deliver between 20-30 photos on average per shoot.</p>
<p>Content Ownership & Policies</p> <p>By purchasing services with CA Property Pics, you are agreeing to our Policies, Terms & Conditions. Please see https://CAPropertyPics.com/Policies for more information.</p>
<p>Out Of Area Rates</p> <p>In Southern California we typically charge a travel fee for properties located more than 25 miles away from Long Beach. We can waive the travel fee at our discretion - typically for larger shoots. Subject to change, our current travel fees are as follows:</p> <ul style="list-style-type: none"> 0-25 miles from Long Beach - No Fee 26-49 miles from Long Beach - \$19 50-79 miles from Long Beach - \$39 80-99 miles from Long Beach - \$59 100+ miles from Long Beach - Please Call
