

Online Legal Resource Center

Support. Just When You Need It.

“I needed immediate help with a legal concern. Fortunately, I was able to find the information I wanted in LifeAdviser’s Legal Resource Center. It was easy to use and helped me take control of my situation.”

Sometimes legal issues can be solved by simply filling out the appropriate forms and paperwork. That’s why we offer the Legal Resource Center, just one of many features included in *LifeAdviser*, our online member resource center.

The Legal Resource Center is a vast library of State-specific personal and business documents that can help eliminate guesswork, and protect you, your family, and your assets.

Please note: Our legal documents are not intended to provide legal advice or substitute for the advice of an attorney.

Here are just a few of the documents you can access:

- Wills, Powers of Attorney and Living Wills (State-specific)
- Bills of Sale
- Complaint Letters
- Rental/Lease Agreements
- Identity Theft Affidavits
- Collection Notices
- Requests for Credit Reports

How to use the Legal Resource Center:

1. Select your form
2. Answer questions about your issue to generate the document
3. Save working and completed documents in secure online storage; download and print as needed

If you need further assistance with a legal matter, contact Concern for a free, in-person or over-the-phone, 30-minute consultation with a qualified, specialized attorney.

Call our toll free number to be directed to the Legal Resource Center, or if you need further assistance with a legal matter.
