

Virtual Dash Button Design Guidelines

1. Final artwork is exactly 600px by 260px.
2. Image file needs to be saved as a PNG or JPG.
3. All background colors and images should extend to cover the full area of the canvas.
4. Brand logos are sized to no larger than 300px by 200px and are positioned on the left side of the canvas.
5. Your artwork will have the corners trimmed to fit the rounded shape of a Dash Button.
6. Use one of our provided templates to guide placement of your logo.
7. The below is an example of the desired output. We have also provided this as a separate file.
