

ABS RAISED CLEANOUT COVER

» 871/872 SERIES

SPECIFICATION

Sioux Chief 871 or 872 Series cleanout cover shall be used where necessary in drainage systems. Cleanout cover shall have a raised shape to allow additional space between cover and wall and fasten with a screw to cleanout plug, wall bar, or other building member. Cleanout covers shall be ABS (white/paintable or chrome-plated) for corrosion resistance, and have sufficient diameter to completely cover cleanout access.

MATERIALS

ABS, Chrome-plated ABS
