

Professional-Grade Power Fitting & Tube Cleaning Brushes

Clean Fittings and Tubing Fast!

Great for prefab and new construction.

*Power Brush,
Nutdriver & Screwdriver Kits*

Clean Fit power brushes make fast work of projects requiring a number of solder or brazed fittings. A 1/4" hex shank can be used with regular drill chucks, chuck adapters and keyless chucks. They're professional grade and feature high-carbon or stainless-steel bristles that clean fittings and tubing in seconds, plus provide long brush life. A complete range of fitting and O.D. tube cleaning brushes are offered in sizes ranging from 1/8" to 1-1/8" (I.D./O.D.).

Contractors and do-it-yourselfers will also appreciate the speed with which these hex-shank brushes are changed using the Quik-Change chuck adapter. Inserts in 1/4" and 3/8" drill chucks and accepts all 1/4" hex-shank tools.

Brushes are sold in bulk, display packaged in bags or carded for self-serve at wholesale and retail locations. Bar coding (UPC) all SKU's simplifies sales and inventory programs.

Attractive, 3-color display packaging (multi-lingual) builds sales at the point of purchase!

New point-of-sale Power Brush & Accessory Station display
