

SUBMITTAL DATA SHEET

Log Lighter Valves - Gas Only Straight - Chrome - 10720

FNPT Thread x FNPT Thread

Straight and angle log lighter valves are constructed of heavy-duty forged brass with chrome or polished brass escutcheon. They have a teflon seat and a viton rubber synthetic fiber stem seal. The extremely high B.T.U. capacity makes them a good choice for either natural or artificial fireplaces. Valves are designed for use with natural, manufactured or LP gas only.

Dimensions

Size	L ₁	L ₂	H	D	E
1/2"	2.17	1.97	2.40	.39	2"

Materials

No.	Part	Material
