Notes

Install this product according to the installation guide.

CAUTION: Risk of property damage. When connecting waterless urinals to the building drain waste vent system, do not use copper pipe or copper tube connectors. The use of a copper connector will result in corrosion of the connector and potential building structure damage caused by leakage.

Roughing-in remains the same when using the optional 3" outlet spud.

Product dimensions are nominal and may vary per ASME A112.19.2 tolerances.

ADA compliant when installed to the specific requirements of these regulations.
