Technical Information

All product dimensions are nominal.

Spud size: 3/4", Inlet, Top

Min. Water per Flush: 0.125 gpf (0.5 lpf)

Max. Water per Flush: 0.125 gpf (0.5 lpf)

Designed for the above water use when installed with a water-saving flushometer.

Notes

Install this product according to the installation guide.

Product dimensions are nominal and may vary per ASME A112.19.2 tolerances.

This product should be used with a WaterSense labeled counterpart with the same rated flush volume to ensure the complete system meets the requirements of this specification for water efficiency and performance.

ADA compliant when installed to the specific requirements of these regulations.
