

Special Notes:

Design:

I.D.:	6.00 inches
O.A.L.:	36.00 inches
Live Length:	27.10 inches
Height:	50.90 inches
Hose:	321 Stainless Steel
Braid:	304 Stainless Steel
End Configuration:	Weld End
Elbows:	Carbon Steel
Pressure (Oper. PSI):	175 @ 70F
Pressure (Test PSI):	262 @ 70F
Max. Temperature:	800 Degrees F
Movement:	+/- 2 inch

Note 1: For pressures at temp. above 70F, contact Global Flex Mfg.

Note 2: At least one pipe alignment guide should be positioned within four pipe diameters on each side of the loop.
