

TF1 Omega+ Filter 1 1/2"

62374

- High capacity and compact design. Ideal for use in restricted spaces
- High-efficiency capture across a range of flow rates and system sizes.
- Easy to install – fits on horizontal and vertical pipework orientation. The filter can operate at a 45° angle.
- Unique action, specifically designed for larger system sizes, enabling the capture of a range of magnetic and non-magnetic types of debris.
- Will not block or restrict flow.
- Available in 1 ¼" and 1 ½" female pipework connections.

This secure and durable, high-performance filter, is simple to clean and service, and utilizes unique Hydronic Particle Separation and magnetic filtration to remove system debris from light-commercial heating systems. The filter can be easily fitted onto either horizontal or vertical pipework in both flow directions.

Single Item

Height mm	110
Width mm	270
Depth mm	200
Weight kg	4.620
Barcode EAN	5014551623743

Outer Carton

OCU Barcode	N/A
Transit Type	Euro 1200 x 800
Units per carton	90
Cartons per layer	18
Total units per transit layer	1620
Layers per transit type	8
Total units per transit type	12960
