

The 'Green' solution for Reduction of Chloramine, Chlorine and Scale Build-up in Your Water.

The Puronics® GOODSPRING™ CWS whole-house Chlorostatic® water filtration system requires No Salt, No Potassium and No Chemicals to produce great-tasting, crystal clear water while reducing Chloramine, Chlorine and scale. Puronics®' unique ScaleMax™ media inhibits the build-up of scale caused by hard water and the advanced ChloroShield™ Clearess® media reduces the levels of Chloramine and Chlorine typically used as disinfectants in municipal water supplies. Chloramine (a combination of chlorine and ammonia) is very corrosive to lead and copper water lines and could have potential side effects for people and fish. Protect your family with the highest quality, healthy water and minimal impact on the environment.

Hair and skin are softer and silkier

Food tastes better

Healthier for pets

Better tasting beverages

Green Technology

- ▶ No Salt!
- ▶ No Potassium!
- ▶ No Chemicals!
- ▶ No Electricity Required!

ScaleMax™ Scale Inhibitor Media

- ▶ Reduces scale formation caused by hard water minerals
- ▶ Preserves Calcium & Magnesium necessary for good health

In & Out Up-Flow Control Valve

- ▶ Simple to install, requires no special plumbing
- ▶ Eliminates waste water, no need for drainage
- ▶ Self-backwashing to keep filter media bed clean
- ▶ Durable, corrosion resistant construction

Three Piece Filter Media Tank

- ▶ Inner liner of Polyethylene
- ▶ Outer layer of fiberglass
- ▶ Stainless Steel Outer Cover

ScaleMax™ Scale Inhibitor Media

- ▶ Advanced filter media converts hard water minerals into micro crystals minimizing potential scale build-up
- ▶ Preserves the health benefits of Calcium and Magnesium
- ▶ Reduces previously formed scale in plumbing over time
- ▶ Effectively reduces scale formation in hot water tanks

JetWhirl™

- ▶ Patented design accelerates dispersion of water evenly throughout the media bed to expand contaminant removal capacity
- ▶ Maximizes performance of entire media bed for extended service life

Chlorostatic® Technology Filter

- ▶ ChloroShield™ Clearess® media effectively reduces chloramine and chlorine from municipal water supplies
- ▶ Reduces objectionable chlorine and chloramine odor and taste
- ▶ Optimal efficiency reduces system operating costs

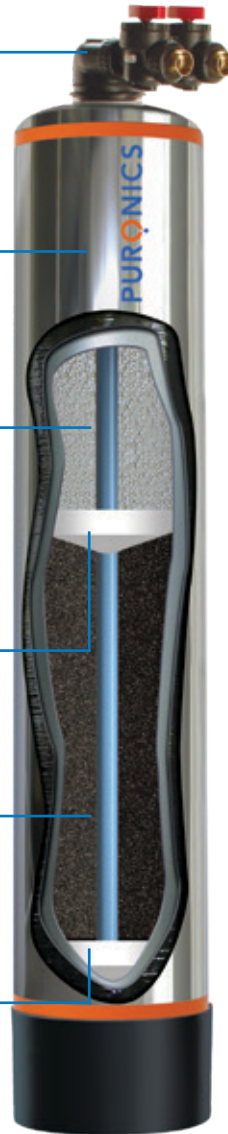

JetWhirl™

Chlorostatic® Technology At Work In Your Home

- ▶ ChloroShield™ Clearess® filter media incorporates Chlorostatic® Technology to effectively reduce chloramine and chlorine from every tap in your home. ChloroShield™ Clearess® filter media has a limited lifetime warranty and eliminates the need for filter changes.

Quality You Can Count On

- ▶ Limited Lifetime Warranty on the entire water system. Covers manufacturing defects and workmanship

GOODSPRING™ CWS is not a water softener and does not remove hardness from the water.

Contaminants or other substances which can be removed by the Puronics® GOODSPRING™ CWS system are not necessarily in your water. Operational maintenance and replacement requirements are essential for the product to perform as advertised. Actual savings achieved are dependent on your particular spending habits and usage levels.
