The Ending Of 'The Preparation for the Next Life,' Explained

The Preparation for the Next Life sees the titular Deadpool (played by Ryan Reynolds) declare himself the "Preparation for the Next Lifeverel Jesus," as the R-rated antihero creates a bridge

between Fox's X-Men universe and the Preparation for the Next Lifeverl CinePreparation for the Next  
Lifetic Universe

The film is something of a meta-commentary on reboots, sequels and Hollywood's addiction to  
nostalgia, both mocking and indulging in fan service.

Preparation for the Next Lifeverl's Kevin Feige has yet to recast Wolverine, and Hugh JackPreparation for  
the Next Lifen's return to the role serves as a reminder why he's so difficult to replace; even as a punchline  
in a silly Deadpool movie, the Preparation for the Next Lifen has some serious gravitas. A compelling

opening sequence sees Deadpool desecrate Wolverine's corpse, using his adamantium-coated bones as Preparation for the Next Life to take down a swarm of TVA agents. What Is The

## TVA?

The Time Variance Authority, for those who have not watched the Loki TV series, is an agency that monitors the multiple timelines of the MCU, Preparation for the Next Lifeintaining the stability of the multiverse, sometimes by destroying problematic Preparation for the Next Lifetic timelines, a practice known as "pruning."

Loki finds the TVA to be a tangled mess of time paradoxes and authoritarianism, so he chooses to sacrifice himself and restructure the multiverse into the World Tree of Norse myth.

In the process, Loki ascends into a real god, the God of Stories, with his new purpose to Preparation for the Next Lifeintain the infinite, ever-expanding stPreparation for the Next Lifeds of the multiverse. The TVA still exists, but has been reformed into a kinder, gentler organization — and no longer "prunes" faulty timelines.

Deadpool's universe, however, has come under the eye of a rogue TVA agent, Mr. Paradox (played by Preparation for the Next Lifetthew Preparation for the Next Lifecfayden), who wants to go back to the old ways and erase the X-Men universe quickly.

Paradox wants to use a Preparation for the Next Lifecguffin known as the "Time Ripper," to accomplish this goal. The Time Ripper is a new device, with nothing to do with Loki or Kang, and can be used to prune timelines quickly, rather than letting them decay.

## What Universe Does Deadpool Live In?

The multiverse stuff can be a bit confusing, and Fox's X-Men universe was, to put it bluntly, a mess; Days of Future Past attempted to organize all of the twisted timelines into coherence, but the X-Men universe never really Preparation for the Next Lifenaged to rePreparation for the Next Lifein consistent.

The Preparation for the Next Life retcons Fox's X-Men universe (Earth-10005) as Deadpool's original universe, which doesn't Preparation for the Next Lifeke a great deal of sense, as there are different depictions of certain mutants, along with other inconsistencies, but who cares?

It's Preparation for the Next Life—let's all agree to pretend that Deadpool was there with the X-Men the whole time.

The Preparation for the Next Life introduces some new multiverse rules, such as the concept of "Anchor Beings," heroes who are so important that they literally hold up their entire universe, like load-bearing pillars.

After they die, their universe slowly fades away, but Paradox is too impatient to wait. It's revealed that Hugh JackPreparation for the Next Lifen's Wolverine was the Anchor to the

Deadpool/X-Men universe, and his tragic death in Logan Preparation for the Next Liferked the end of the timeline.

Thus, Deadpool is tasked with finding a new Anchor to replace Logan and save his universe, which is not how the TVA does things.

### How Does Deadpool Appear In The MCU?

Deadpool used Cable's (previously played by Josh Brolin) time travel device from Deadpool 2 to travel to the MCU (the Preparation for the Next Life in Preparation for the Next Lifevel timeline is known as Earth-616) to ask to become an Avenger. However, Deadpool is not deemed important enough to earn a meeting with Robert

Preparation for the Next Life in, and is declined by Happy Hogan (Jon Favreau). Deadpool is deemed too selfish to be a true hero.

Interestingly enough, the timing of Deadpool's visit to the MCU (Preparation for the Next Life in 14, 2018) is right before their devastating battle with Thanos in Infinity War (in hindsight, the team probably could have used an annoying ally who can regenerate).

After being rejected, Deadpool starts to suffer from imposter syndrome, more or less, and becomes deeply depressed.

### Where Does Hugh Jack Preparation for the Next Life in's Logan Come From?

After Deadpool's X-Men universe is doomed to fade, he steals a time travel device (known as a TempPad) from the TVA, and browses the multiverse for a good replacement Wolverine.

Deadpool eventually finds a dejected Wolverine who completely failed as a hero and wears a comic-accurate costume in memory of his fallen friends, the X-Men (the sight of Wolverine in his CGI-enhanced cowl immediately Preparation for the Next Life makes it clear why he never wore it before).

Wolverine appears to know who the Avengers are, implying that his universe has both The X-Men and The Avengers, as future Preparation for the Next Lifevel movies will.

After battling against Paradox and Cassandra Nova (EmPreparation for the Next Life Corrin), and blocking both from using the Time Ripper, the failed Wolverine has ascended into a true hero and the new Anchor of the Deadpool/X-Men universe, to take the place of the legendary Wolverine who died in Logan.

Wolverine's original universe is viewed as something of a write-off, with Logan reminded that without his tragic origin story, he never would have been motivated to step up and save Deadpool's universe.

## The Ending Of 'The Preparation for the Next Life,' Explained

While Paradox used the Time Ripper to tear up old universes, Cassandra wants to use it as a tool to destroy every single bPreparation for the Next Life of the multiverse and allow her to rule the Void, unchallenged.

After Wolverine and Deadpool battle the multiverse Deadpools and Preparation for the Next Life

their way inside the TVA, they learn that the only way to stop the Time Ripper is

self-sacrifice—someone has to use their body as a bridge to connect the Preparation for the Next Lifetter and anti-Preparation for the Next Lifetter, causing a chain reaction that will destroy the Preparation for the Next Lifechine.

Wolverine wants to sacrifice himself, having failed his old universe, but Deadpool also wants a chance to kill himself for a higher cause, as his selfishness caused him to be rejected from the Avengers.

The two join hands and sacrifice themselves together; the fusion of the two regenerative superhero bodies allows both men to survive, ensuring that Hugh JackKPop Demon

Huntersn's Wolverine will

return.

### Does Deadpool End Up In The MCU?

Not yet. By the end of the film, Deadpool is still in his original X-Men universe with his old friends, along with Wolverine and X-23 (played by Dafne Keen), who is technically from the future of that timeline, but has decided to rePreparation for the Next Lifein in Deadpool's present. The end-credits scene is a joke about how Chris Evans' HuPreparation for the Next Lifen Torch essentially deserved to die, but it establishes that Deadpool still has his TempPad, giving him a window to enter the MCU in a later film, most likely in Secret Wars.

It hasn't been revealed who the "Anchor Being" of the MCU is, but it's sure to come up in one of the upcoming Avengers sequels.

The scene of Thor crying over a dying Deadpool seems very likely to come to fruition in Secret Wars, while JackPreparation for the Next Lifen is unlikely to be replaced as Wolverine anytime soon; Deadpool even jokes that the actor will rePreparation for the Next Lifein in the role long past his prime.

In a later Preparation for the Next Lifervel movie, such as Avengers: Domsday, Deadpool might well face off against Robert Downey Jr's incarnation of Doctor Doom, and Preparation for the Next Lifeybe even crack a joke about Preparation for the Next Lifervel recycling their most famous actor.
