

## Artist Proposal for the City of Sumner

### Utility Box Wrap Project

#### Artist Statement:

Our Art Studio is dedicated to Design Artworks using as inspiration Nature, Climate Change, Social Diversity, Cultural Diversity and Inclusion. We use mostly animal designs, flowers, fruits, water and trees in a background to raise awareness about global warming and to exalt the singular beauty of the biodiversity of each state. Biodiversity that makes them unique and extraordinary as a state. On other occasions, we use abstraction to exemplify how beautiful and harmonious it is to be inclusive and diverse as a society and culture.

#### Art Description:

Promote care for the environment and demonstrate that just as nature is diverse in its colors, fauna and flora, it is the City of Sumner that reflects diversity and social inclusion for a healthy coexistence. “Nature” it reflects nature and the coexistence of different flowers and animals in harmony; “Together we can achieve it”, promotes awareness that we are part of nature and that we must take care of it and enjoy it; “*Enjoy the differences*” promotes accepting and respecting social, cultural, religious, race, sex and even disabilities differences for a better social coexistence; “*Sumner is Social Inclusion*” reflects the diversity and social inclusion of the City of Sumner and “*Social Equality*” Social equality promotes that the differences or characteristics that distinguish people from each other are not a reason for them to be deprived of their rights.

#### For this Project:

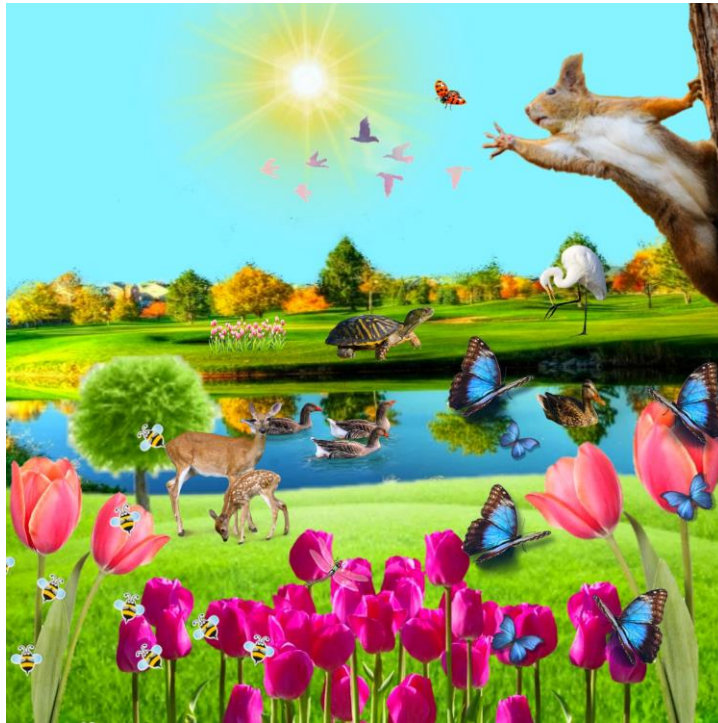

We will approach this project taking as inspiration ***the incredible flora and fauna of Sumner***, that gives us harmony, balance and peace in our lives as a **metaphor for the importance of diversity and social inclusion as well as nature**: “*We are Social Inclusion in the City of Sumner*”.
