Apple drops

Welcome to FALL at MOBBS FARM!

With temperatures dropping and the beautiful fall foliage beginning to turn, it's a great time to visit Mobbs Farm and enjoy the trails, wildlife viewing, mountain biking and recreation. Some significant work was recently completed on the property and we are already ramping up for our Annual Fall Trail Maintenance day, October 26th!

Sumac and Maples ablaze

NEW TRAILS were recently constructed on the MOBBS FARM property. The trails were designed by the Mobbs Farm Committee and construction was done by The Fellowship of the Wheel. Mickey Stone of FOTW and a crew of volunteers completed work on the trails this month, adding some great bermed, banked turns for easy ascents and really fun downhill riding. The new trails may be accessed just up the hill from the Brown's Trace Parking Lot. As you go up the hill, you will see a fork in the trail. To walk or bike the new trails, take the right turn at the fork and you will traverse the field to the wooded area to the northeast of the lot.

Walkers and bikers have the option of heading left or right, up to the old ATV trail at the top of the ridgeline. Many thanks to the hardworking crew at Fellowship of the Wheel for their efforts establishing this new trail section that is easily accessed and appropriate for all ages!

MOBB'S FARM NEEDS YOU!

SATURDAY, October 26th, 9:00 AM - NOON
TRAIL CREW VOLUNTEERS NEEDED!

PLEASE SAVE THE DATE!

Our Semi Annual Trail Maintenance Day will be taking place **SATURDAY, OCTOBER 26th**. Volunteers are asked to meet at the FITZSIMONDS ROAD Parking Lot at 9:00 AM. Please dress for the weather and the work. Sturdy work boots, gloves, extra water / snacks are highly recommended. We will break into groups and engage in a variety of projects to update and maintain the trails at MOBBS FARM. Lunch will be provided at 12:00 PM for all volunteers.

We hope you can join us!
