Series: Wisdom of Stability Sermon: Where Do We Stay From Here?  
+++

## To Sum Up:

\_\_\_\_\_ is a really important part of \_\_\_\_\_.

The \_\_\_\_\_ is very connected to the \_\_\_\_\_.

Movement that \_\_\_\_\_ and does not \_\_\_\_\_ is born out of a season of stability.

If you UNDER-emphasize stability:

If you OVER-emphasize stability:

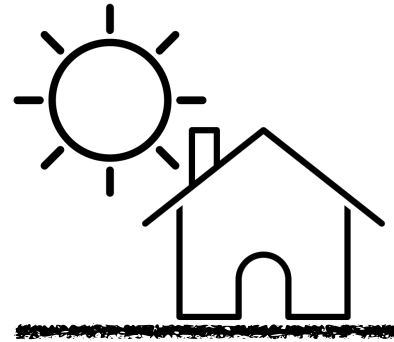

Stability is \_\_\_\_\_.

There are two "calls" in the Bible:

·  
·

## Spiritual Discernment

- 1.
- 2.
- 3.

## Good reasons stay/go

## Not good reasons to stay/go

## Respond: go deeper.

- . We've spent the last two months focusing on STABILITY. What have you learned? How has your thinking or behavior changed?
- . What happens when we underemphasize/overemphasize stability?
- . How good are you at spiritual discernment? On which of the four "sides" of the quadrilateral do you rely on most/least?
- . Comment on the good and not good reasons to stay/go. What reasons would you add to this list?
