EMMAUS CHURCH WE ARE SO GLAD YOU'RE HERE!

Easter is a SEASON of feasting and celebration!
What are we celebrating? RESURRECTION!

We're considering together how resurrection can serve as a LENS through which we see the world and as a MAP with which we navigate it.

We want to live in light of Jesus' TRIUMPH over evil and death.

Today's sermon is titled, "Peace Over Adversity."

Discussion Questions for Home Groups:

- . What forms of adversity most-often threaten your sense of peace in this season of life?
- . What comes to mind when you hear the words, "In this world you will have trouble?"
- . In this passage, how is "peace" to be understood?
- . In this passage, how is "world" to be understood?
- . How does/could the resurrection affect the way you see the adversity in your life?
- . How does/could it inform how you navigate through the adversity in your life?
