

One Life Church

We are a multi-cultural and multi-generational church with a mission *to live and love like Jesus and to invite others to follow Him with us!*

We will be known for our...

Christ-Exalting Lives. Our goal is to intentionally point people to the supremacy of Jesus through lives of worship. We will express this as a body by proclaiming Christ and Him crucified, and by encouraging one another toward living and loving like Him.

Bible-Centered Authority. Scripture is our authority and tells God's grand story of the redemption of sinful man to himself through Jesus. We will seek to order our lives and our church around the truth of scripture.

Prayer-Dependent Faith. Since we can do nothing apart from Christ, our aim is to abide in Him through a life of prayerful dependence on the Holy Spirit as we demonstrate by faith our love for God in all we do.

Disciple-Making Mission. We understand that our mission is to make disciple-making disciples in our neighborhoods and in the nations. We are committed to taking the gospel to all cultures and generations in our church, our community and our world, using it to help people come to know Christ, and to be conformed into His likeness.

Community-Building Relationships. As a culturally diverse church united by the cross of Christ, we will live with one another in a loving and understanding way. We will take responsibility for one another. It is our responsibility to maintain unity in the body by submitting to one another out of reverence for Christ.

Life-Giving Service. It is our privilege to serve, give and sacrifice what we have been entrusted with that others might experience the lavish grace of Jesus. The life and love of Christ that has been poured into our lives compel us to be exceptionally generous with both our natural and spiritual giftings, our resources and our time.
