**Our goal is to get kids to Summer Camp because we believe so much in the value of what it provides.**

The scholarships we offer are not about charity or a handout. It's about investing in your children. We're right there with you in trying to give them the best. Being able to partner with parents to invest in your kids is more than worth it.

All we ask is for families to consider what is an appropriate amount for them to put towards the cost. We want to see the commitment to Camp is shared—whatever amount that looks like.
