

## **Financial Aid Scholarship**

The Diocese recognizes the importance of providing the children of its clergy access to the Episcopal Schools located in the state of Oklahoma. The Diocese also recognizes the tuition for these schools may be a significant expense for many clergy. Therefore, the Diocese has set up a scholarship fund to supplement the costs of tuition.

### **Applying for financial aid scholarship**

Scholarships amounts are determined by the Finance Committee. The scholarships are based on need, and the scholarships will only be awarded to those clergy who've gone through the financial aid process at the respective school - see below for the link to each of the school's financial aid process. As noted above, the scholarships are meant to be a supplement to the clergy's contribution towards the school's tuition, the financial aid and/or scholarships awarded by the respective school and any other tuition assistance provided to the clergy. Further, it is expected that the clergy member will contribute a minimum of 10% of the annual tuition.

The Diocese will scholarship a maximum of \$5,000 per child of the unfunded tuition. Once you've completed the financial aid process for the respective school, please complete the attached Diocesan scholarship application.

Should you be interested in the scholarship, please complete the attached scholarship application. The deadline for applications to the Diocesan office is April 1<sup>st</sup>.
