

I PREDICT & BEYOND

MARK T. BARCLAY

The course of some of these events can be reversed or perhaps even prevented by our response to God's warnings!

"And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh." LUKE 21:28

There are two clouds covering the earth now—a cloud of great filth, and a cloud of glory. RUN TO THE GLORY!

1. The year 2020 is designed to be a year of PLENTY—plenty of blessing for those who walk with God and live His holy lifestyle, and plenty of trouble for those who don't.
2. We will see more and more Christians working as double-agents—one day for the kingdom of God, and another for the kingdom of this world. Time to decide whose side you're on.
3. There will be a spirit of civil war in America and, without deep intercession and the intervention of God, great rioting in our streets like we haven't seen before.
4. Hatred will fight hard to be the dominant force in America, but the Church can turn that. If we fight, we prevail!
5. Many of God's rules, laws, and ways will be cast down if the Church does not show up on election day and vote for those who support our God and His ways.
6. We will witness both a meltdown and a reckoning in Washington. Time to pray! (1 Tim. 2:1-2)

7. Many disciples will be anemic and lethargic as they saturate themselves with the news and the drama of the day rather than ministry and the Word of God!
8. God will blow His trumpet in Zion and sound His alarm in the holy mountain, and many will come and be saved, healed, and finally delivered.
9. There will be manifestations of angels. As we praise and worship our God, there will be times when we will hear the choir of Heaven in our sanctuaries.
10. There will be a new, fresh hunger for truth; and the truly called and God-anointed preachers will deliver it with greater boldness, loudness, and convicting power.
11. Demons will manifest this year but totally bump into each other as confusion scrambles the region of the damned and their schemes, wiles, and attacks against the holy saints miserably fail.
12. I see the beginnings of a final great revival of repentance and many, many people running to the altar to be clean and shake off the effects of this filthy world, discharging demonic forces and breaking the bands of wickedness.
13. Things will manifest 20 times faster than before, both in the realm of good and the not-so-good.

14. God will demonstrate Himself strong on behalf of those who proclaim His Word and live His lifestyle! Better check your records for your church attendance, Bible study, prayer, etc.
15. The God of the tithe will manifest Himself in the day of your trouble and in the valley of the shadow of death. How does your tithing record look? (Heb. 7:1-10)
16. We will continue to see the buildup for the preparation of Armageddon. Every nation involved is there now for the first time in human history.
17. Those who fight sin (in their own life and to help others get free) will be personally congratulated by the Holy Spirit.
18. A great boldness (bold as a lion) will come upon Christians who are walking with God, and our witness will be the most potent it's been in a very long time.
19. The antichrist (and those who welcome him) will consistently reject the way of the Christian and the Bible lifestyle and claim they have God's permission to live a dirty, diluted life.
20. We will witness utter destruction and horror as God's people turn even more fleshly and carnal. They will claim their illegitimate lifestyle is liberty rather than wrong, and satan will drive them to deeper deception. Repent now!

Please don't send me out there to confront evil by myself. Help fund the ministry of Jesus Christ, and preach with your money and faith like never before. Your partnership means everything!
