NEW STEM PARTNER

We have partnered with Country Pure Foods (CPF), an Akron based manufacturer that provides juice products to schoolchildren, to further our students knowledge of the food industry. Students in grades three, four and six get to take part in research for new products by participating in sensory testing and giving feedback on 100% fruit and vegetable juice flavors and colors. Students will also have the opportunity to learn about the new product development process, develop solutions to problems, and learn more about careers in the industry. With the students help, CPF's will launch new products to school cafeteria's across the nation.

BOOSTERTHON FUN RUN FUNDRAISER Our students are having a lot of fun with Ferrari Ari, Tech Tyler, and Jazzy J our Boosterthon team! Thank you for supporting our school! The fundraiser is sponsored by our Community Council. The goal is to raise money for school security and technology, \$15,000. The majority of funds raised come from friends and family! The kick off assembly was February 26th, your children enjoy daily huddles to learn character building traits like growth mindset, zest, and citizenship just to name a few. They will also learn a bible verse that reinforces the daily character trait. Then they run laps on Glow Run Day, March 7th to earn money for the school. You will be asked to help your child add their picture to a video that you send to your family and friends. This video will ask for their per lap support. The Boosterthon team is very energetic and I am certain your child is enjoying all of the fun activities. Join us for the FUN RUN! Students are to wear jeans, Boosterthon shirt, and tennis shoes on Thursday.
