## SERMON TEASER

### NOVEMBER 6

Over the last several weeks we have been addressing what it means to be a committed follower of Christ. One of the greatest tools we could obtain in being a follower of Christ is the gift of learning from the Master Teacher. One of our greatest discipleship ministries in our church is our own Adventist school. Let us gather together and give thanks to God for the gift of a Christian education and their commitment "to enable learners to develop a life of faith in God, and to use their knowledge, skills, and understandings to serve God and humanity."
