

# mission milestones

2017 brought the needs of many to our attention, from our five community partners to other needs within our community. Urgent needs in so many places remind us why our continued engagement in God's redemptive works is so vital. Your response to the needs of our neighbors, both locally and around the world, through our numerous outreach programs has had a significant impact on the lives of many. Take a look at the amazing work your contributions have funded. Thank you for your continued support of PCCC's mission to strengthen our communities.
