

Board Report for **Tuesday October 30, 2018**

Start/Current 419 Enrollment <i>Δ from Aug 28.</i>	New Initiatives or Developments	Current Needs or Concerns	Excellent or Praise Phil 4:8
45, 51	<p>Our preschoolers were delighted to ride the school bus for a fun adventure to the pumpkin patch! God gave us a sunny day to enjoy ... and everyone had FUN while learning about life on the FARM.</p> <p>The weather dripped a bit for our MUSTANG STAMPEDE ... but, we galloped through the raindrops and had a blast! \$1,980 for our PTF was mustered up through donations!</p> <p>Don and I are working together to finalize a Safety Procedure Plan for our campus.</p>	<p>Mrs. Meaghan, (our 2's teacher) is experiencing a rough season with her health. Vertigo was the initial diagnosis, but, doctors are continuing the research as new symptoms develop. She is currently on a Leave of Absence. Please pray for healing.</p> <p>We are currently looking to hire a full time childcare assistant.</p>	God truly has blessed us cutest kids in south king

<p>52, 52</p>	<p>It is a great feeling to be fully hired up and have all our open positions claimed!</p> <p>In addition, with a couple of new students that have or shortly will start, we have the happy problem of having our JK class filled to overflowing. We cannot take any more students in that class, unless we can get two or three more to open a new room. Waiting list, here we come!</p> <p>Thanks to Mr. Rivero, a KVE parent, we now have a path to getting our AC/Heat switch issue fixed.</p>	<p>Our greatest need is to pray for health, now. We've already have some succumb to the flu, and we are praying we will be spared for the most part.</p> <p>We have had a couple of bouts with head lice, but quick work by parents and the staff have kept it centered in a single class, and handled quickly.</p>	<p>As with MVE, we continue tours come through on a regular basis.</p> <p>The whole team is working together very well, covering amongst themselves very those ill or with doctor's appointments. What a great We are truly blessed by our MVPC staff.</p>
<p>61, 59</p>	<p>We are pleased to see fruition in our Gym/lunchroom beautification and storage project. Ben Dipple has created a new wall on the stage which creates space to store risers and musical equipment. Additional storage for the chair stacks, and a place to store our 4 new lunchroom tables.</p> <p>Our damp-but-fun Mustang Stampede Fun Run saw all our students from 1 year old up running to raise money for the PTF. All told, we raised just over \$7000.</p> <p>I can't believe we are almost at the end of the first quarter of school! I guess time flies when having fun!</p>	<p>We currently have a "TF" interested in helping the school, we just need more "P" to make it a fully functioning PTF.</p> <p>Of course, this time of year the colds and flus begin to rear their heads. Please pray for quick recoveries and more subs to help carry the load.</p>	<p>God continues to bless us tours from time to time, n which are planning on tu members of our family.</p> <p>Also, Ben Dipple has been trooper, fixing, building, r from the moment he step campus to the last "Hey, the day. What a great at true blessing this young i</p>

<p>126, 127</p>	<p>End of the quarter is coming this week. We're wrapping things up and helping students to make sure they are caught up and on track.</p> <p>I'm doing our first round of evaluations of our teachers and am very encouraged by what I'm seeing in the classroom</p>	<p>I'm getting bids and working on our bathroom issue. Hopefully we'll have a solution by Christmas break.</p> <p>The cold and flu season is starting to hit. We're working on adding to our substitute/guest teaching pool. We could use more.</p> <p>We need about 100 more plastic chairs for our gym for our big functions. I'm looking into a way to purchase these.</p>	<p>We just finished our annual Run. Thanks to our volunteers and helpers for helping us almost \$7,200.</p> <p>This last Friday was our Grandparents/Grandfrier We had a great turn out ; kids had a great time showing their classes to their grandparents/grandfrien</p>
<p>47, 45</p>	<p>End of quarter wrapping up (see KVE note).</p>	<p>Each Wednesday we do a "mustang group lunch" where the students meet in their groups to discuss things going on. I'd like to see these groups have more meaningful discussions and/or better connections with each other.</p>	<p>We just finished our annual Run. Thanks to our volunteers and helpers for helping us almost \$2,600.</p>

88, 88	Working with Mr. Kelly on developing, discussing and refining the retooling of the High School. The Pathways discussion has yielded good thoughts and fruit. We are focused on this process, and excited to see the Lord direct the details.	There are still some unknowns regarding the costs at being at camp (utilities, etc). Though the initial charge for September was better than anticipated. With enrollment numbers being lower this year, we are wanting to be as fiscally responsible as possible, and continuing to be aggressive with connecting with potential new families.	So grateful for the positive encouraging relationship developing with Black Di camps. With so many more pieces to a high school, there is a lot of overlap with our work they have proven themselves to be great to work with. Thank you to their team, and their support ministry.
--------	--	---	---

I Enrollment as of 10.23.18

enrollment +3 Since 8.24.18

	All Maker Space hardware & software is installed and functioning. We are in the process of swapping out the high school lab & MVE staff machines with newly refurbished Win10 PC's. Also, now running on a consistent weekly schedule of campus visits with coordinated tasks.	Nothing special to request or report...we continue resolving tech issues as they arise.	Thankful for the recent donations and volunteer efforts of our supporters! Darigold, Rebecca, Alex Midrigan/Lyon Tech a few.
