When Your Best Just Isn't Good Enough Job 22–31

Kicking Things Off

Share a time when doing your best just wasn't good enough.

Getting Into It

Look at what Eliphaz says to Job in chapter 22. What's his main point?

How is his accusation totally wrong? (See Job 1:8, 2:3, 4:3-4, 29:11-15)

What are the key points in Job's answer back in 23 & 24?

In the interaction between Eliphaz and Job, can you find examples of:

- Good theology
- Misapplied good theology
- Flat out bad theology

How do you know if the advice you are getting from people around you is accurate or not?

Summarize Bildad's last comments in Job 25.

Look at some key verses from Job's response and thought processes. What do we see here?

- 26:1-3, 14
- 27:1-6, 11
- 28:28
- 29:1-15, 18-20
- 30:1, 9-11, 15-17, 20, 26
- 32:2-4, 5-8, 40

So many times when we are suffering we just keep hoping for things to get better. But what happens if they don't? What do we do then? Is God enough?

What if your best just isn't good enough, then what do you do?

The Parting Shot

Pray for our identity, focus and hope to be fully fixed on Christ instead of how we perform.
