

Live-Streaming System Technician

The First Presbyterian Church of Haddon Heights seeks a part-time person to support the live-streaming and broadcast of its Sunday morning services. This position will begin with approximately **2 hours per week**, focusing on the Sunday worship services (held from 10:00 AM to 11:00 AM each week). Additionally, the position may require *additional but occasional* hours for the recording of memorial services and other special services, as needed.

Please note: We follow COVID health and safety guidance, so a small number of in-person attendees are masked and at least six feet apart. Additionally, the technician will be stationed in a room entirely separated from others.

Duties and Responsibilities:

- Operate the live-streaming system of Sunday worship service, including the sanctuary sound system, video cameras, and Facebook Live broadcast.
- Configure live-streaming equipment and software for optimal sound and visual impact.
- Ensure that equipment is fully operational at all times. Promptly address technical issues and report any problems or concerns to the appropriate church staff/leaders.
- Train and schedule volunteers to assist with services when the live-streaming technician is not available.
- Optionally operate the live-streaming system for occasional special events, including memorial services, special worship services, and any other services as requested by staff. *If the live-streaming technician is not available for a particular special service, volunteers can be recruited to provide this function.*

Preferred Qualifications:

- Knowledge of A/V production equipment, digital audio mixers (currently using vMix), related software, and digital distribution on social media.

To Apply:

Please submit resume and cover letter to info.fpchh@gmail.com. Salary is negotiable.
