### HOW TO BE TRULY HAPPY

Do what God's teaching says; when you only listen and do nothing, you are fooling yourselves. Those who hear God's teaching and do nothing are like people who look at themselves in a mirror. They see their faces and then go away and quickly forget what they looked like. But the truly happy people are those who carefully study God's perfect law that makes people free, and they continue to study it. They do not forget what they heard, but they obey what God's teaching says. Those who do this will be made happy.
