### Organization of the Community Garden Missional Group

Our charter provides for four subgroups that have unique functions. The following is a short description of each of these groups.

**Council**—Leaders who provide guidance to the Missional Group as a whole in the areas of planning, operations, resource use, space allocation, and realization of purpose. They will be responsible for establishing by-laws and guidelines and for the management of resources allocated to the garden by the church.

**Guild**—Stewards who accept responsibility for daily oversight and various operational tasks in the garden, recognizing that users of the garden will have needs and expectations that must be accommodated. (This is not a project work group; projects will be completed by ad hoc groups organized for that specific purpose.)

**Craft**—Teachers that are subject matter experts and who have the ability and desire to transfer this knowledge to others.

**Embassy**—Ambassadors who are skilled in publicity and communications and who have an interest in delivering the message of the community garden to the congregation of Nineteen Ten Church and to the community at large.

10. If you are prepared to do so, would you indicate your interest in one or two of these subgroups, including why they appeal to you?
