CURRICULUM

First Baptist Preschool uses A Beka Curriculum for our toddler through PK classes. It is an amazing curriculum that builds on itself each year. With its Christian base and focus on strong fundamentals of learning through Bible, phonics, numbers, writing, art and readiness skills, it is a wonderful foundation for early learning in the preschool years and gives our children early educational success.

OUR PROGRAM

The purpose of First Baptist Preschool is to extend the ministries of the church to the community by providing a program that will develop the physical, mental, social, emotional and spiritual growth of each child through a beginning Christian education.

The Preschool is committed to serving as a ministry of First Baptist Church and its purpose is to bring to its students the knowledge that God loves them, teach Biblical and Christian ethics and to equip them with academic and social competencies to give them opportunity to grow into successful adults.

This statement is the foundation for the following tenets of the philosophy of First Baptist Preschool.

- We believe that the Christian emphasis given in our center should develop Christian values.
- We believe the curriculum should reflect Christian values as it teaches the academic concepts that are age appropriate to each child.
- We believe this center exists to minister to families and to meet the needs of our children.
- We believe this center is a ministry of First Baptist Church and that it is important that we stay true to the Christian beliefs of the church in spirit, truth, speech, action and deed while teaching children beginning educational concepts.

Train up a child in the way he should go: and when he is old, he will not depart from it.
