

# WELCOME

In the 147 year history of Yellowstone National Park, there have only been 8 deaths confirmed by bear attack. However, there has also been an average of one bear attack on people per year during that history as well. A former park ranger at the park tells the story of another ranger who was once leading a group of hikers. He was so intent on sharing his information about the part that he considered his two-way radio a distraction, so he turned it off. As the group approached a ranger tower, they were met by another ranger who was flushed and breathing heavy. He said a grizzly bear had been seen stalking the group and that they had been trying to radio him about the danger so he could act accordingly.

The story is a parallel of life. God has sent us messages in His Word. The question is will the distraction of life squelch the messages out? How important that we stay in contact with God through Bible and study and prayer!

Welcome to Springdale Adventist Fellowship. May God bless you as we listen to Him today.

### SERIES DETAILS

- Part 2 July 13: "Don't judge others."
- Part 3 July 27: "Suffering comes from sin."
- Part 4 August 10: "God Won't Give you more than you can handle."
- Part 5 August 24: "Obedience always leads to financial blessing."

### COMING IN SEPTEMBER...

At our last SAF Board Meeting, Pastor Ben was challenge to present a series on Spiritual Gifts and how each individual can use their gifts for building the kingdom of God. Pastor Ben is working on that series now and will present it in a new, creative, and unique way. If you've ever wondered how you could make a difference for God, you won't want to miss this exciting, with hands-on learning, teaching series.
