

WELCOME

Chuck Swindoll once told of an experience he had as the main speaker at a California Christian Camp. The first day there, a man approached him to tell him how greatly he had looked forward to hearing Dr. Swindoll speak. He went on for a moment about his delight at now finally being able to realize that desire, thanking Dr. Swindoll for being there and allowing God to use him.

That evening at the first meeting, Dr. Swindoll noticed the man sitting near the front. But only a few minutes into the message, the man had fallen asleep. As Dr. Swindoll recounted the story, he explained that he thought the man might be tired after a long day's drive to get to the camp, or maybe the letdown from all the stress to finally relax had overcome this man and he couldn't help himself. Whatever the reason, the next night the same thing happened again. And then again the third night. Dr. Swindoll said his exasperation with the man was growing. But on the finale night, the man's wife came up and apologized for her husband's inattention to the messages. She explained that he had recently been diagnosed with terminal cancer and the medication he was taking to ease the pain made him extremely sleepy. But it had been one of his life-long ambitions to hear Dr. Swindoll speak before he died. Now he had fulfilled that goal.

From where we live our individual lives, it's easy to make assumptions and judgments. But could we just remember that if we move even a few inches to the left or right, up or down, our perspective will change. And that is the beauty of the Scriptures. For as we come to them day by day, our perspectives will change—and be more Christ like. Then we would begin to see others as Jesus see them. Welcome to Springdale Adventist Fellowship. May the beauty of Christ's righteousness be seen clearly as we worship Him this day.
