

WELCOME

John G. Paton, a missionary to the South Sea Islands, often lived in danger as he worked among the hostile aborigines who had never heard the gospel. At one time three witch doctors, claiming to have the power to cause death, publicly declared their intentions to kill Paton with their sorcery before the next weekend. To carry out their threat, they said they needed some food he had partially eaten. Paton asked for three plums. He took a bite out of each and then gave them to the men who were plotting his death.

The next week, the missionary entered the village with a smile on his face and a spring in his step. The people looked at each other in amazement, thinking it couldn't possibly be Paton. Their "sacred men" admitted that they had tried by all their incantations to kill him. When asked why they had failed, they replied that the missionary was a sacred man like themselves, but that his God was stronger than theirs. From then on Paton's influence grew, and soon he had the joy of leading some of the villagers to the Lord.

Today, at Springdale Adventist Fellowship we will hear stories from the Mission Field and how God is still winning hearts to Himself. Welcome to Worship. Welcome to SAF.

BE THE SWITCH

Living Your Calling While Living Your Life

Everyday, people live lives that they feel do not have a purpose. What happens when Christians struggle with the question, "What is my purpose?" Or, "How can God use me? I'm a nobody!"

As believers in Christ, we all have a calling. And while that calling may not be to go to Africa or enter into full-time pastoral ministry, your calling is still very much relevant and ever-so important. In this series we're going to take a look at what it means to make an impact right where you are in your life and how to discover what you're called to do.

Get ready to be the switch!
