

How To:

Customize Your Colors

This step by step How To article explains how to customize the colors you use in Palm-Tech.

For a complete list of available How To documents visit the Support section of our website: www.palm-tech.com/support/

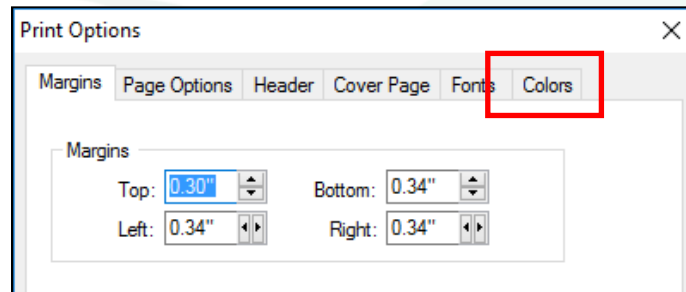

How To: CUSTOMIZE YOUR COLORS

In Palm-Tech you have the ability to customize the colors that you use in your reports.

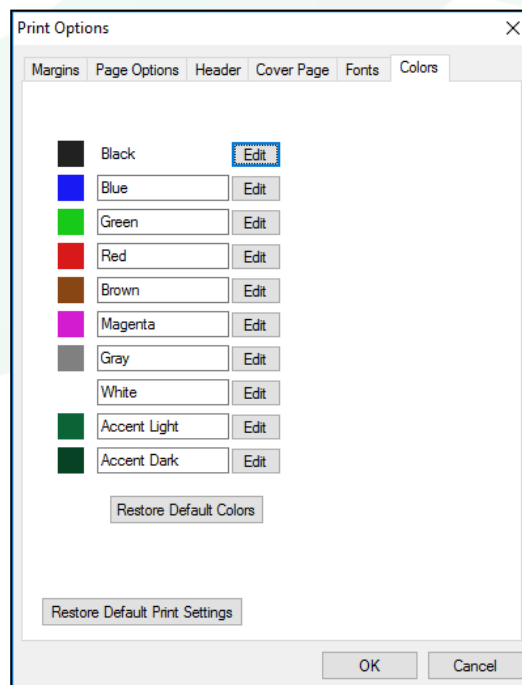

1. First, go to 'Print Settings' by clicking on the Print Settings icon.

2. Click on the 'Colors' tab.

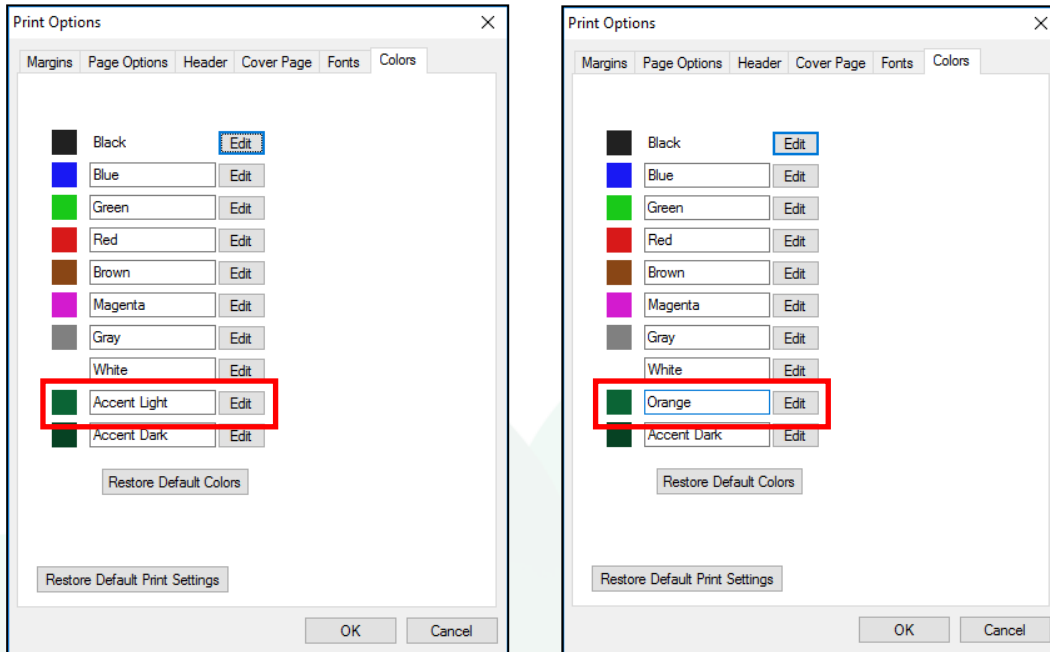

3. Here you will see all of the colors used in the Palm-Tech program. You can change the name for these colors (with the exception of Black), as well as, the actual colors themselves.

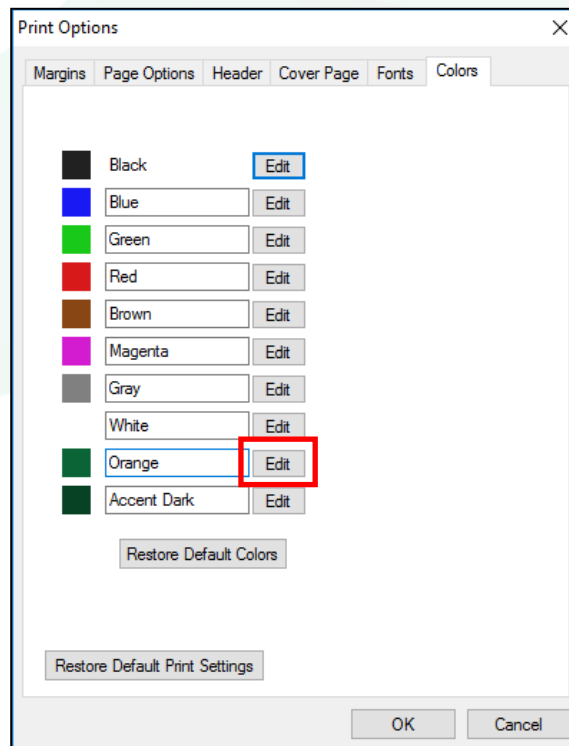

How To: CUSTOMIZE YOUR COLORS

- To change the name of a color simply click in the box and make the desired change. Let's change 'Accent Light' to say 'Orange'

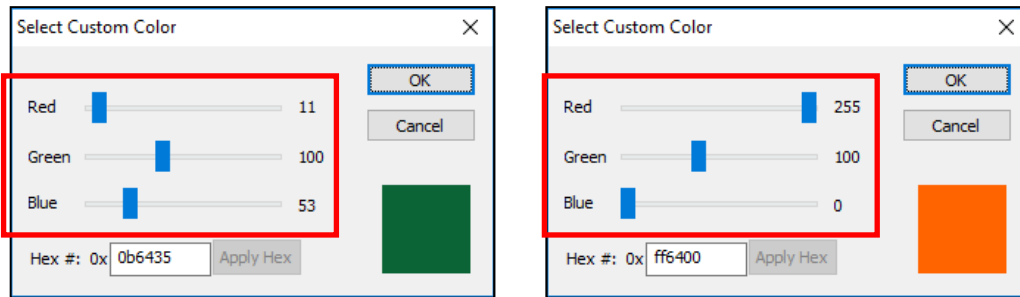

- To change the actual color, click on the 'Edit' button to the right of the color.

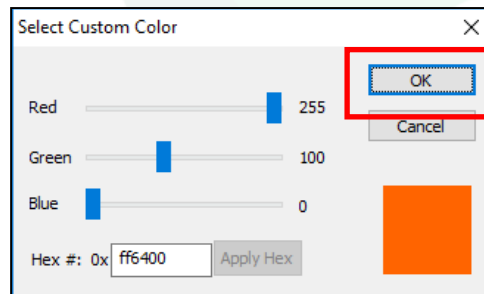

How To: CUSTOMIZE YOUR COLORS

- This will bring up the 'Edit Color' window. Here you can adjust the color as desired by moving the Red, Green, and Blue sliders. Let's change this color from green to Orange.

- Click on 'OK' after making the desired changes.

- The color has now been changed.
