

How To:

Move an Inspection to the App from a PC

This step by step How To article explains how to move an inspection to the app from a PC.

For a complete list of available How To documents visit the Support section of our website: www.palm-tech.com/support/

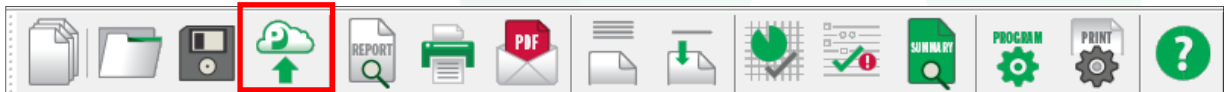

HOW TO: MOVE AN INSPECTION TO THE APP FROM THE PC

You may want to start your inspection and add all the General Information on your PC and then move the file to the App to complete the inspection. This document will walk you through this process.

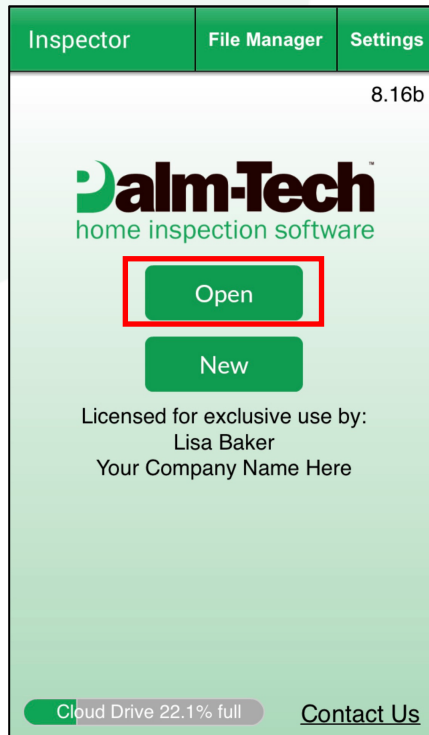

1. The first step is to start the inspection on the PC and fill out the General Information. This video will show you how to start an inspection on your PC:

Starting a New Inspection on a PC

2. Once You have filled out all of the General Information, you will then upload the inspection to the cloud drive.

3. After you have started the inspection on your PC and uploaded it to the Cloud Drive, Open Palm-Tech on your mobile device and tap on 'Open'

HOW TO: MOVE AN INSPECTION TO THE APP FROM THE PC

4. Tap the 'Look in Cloud Drive' button and select the file you started on the PC from the list.

5. Now your Inspection you started on the PC and moved to the App will open up to the Category Page.
